March 14, 2012 – Introduced by Senators LASSA, HOLPERIN, HANSEN and S. COGGS, cosponsored by Representatives SPANBAUER, VRUWINK, BERCEAU, BEWLEY, SINICKI and ROYS. Referred to Committee on Senate Organization.

AN ACT to amend 108.04 (1) (a) (intro.), 108.04 (1) (b) 1., 108.04 (2) (a) 1., 108.05 (1) (q) (intro.) and 108.05 (3) (a); and to create 108.062 of the statutes; relating to: payment of unemployment insurance benefits under a work–sharing program.

Analysis by the Legislative Reference Bureau

Currently, if a claimant under the unemployment insurance (UI) law receives no wages or certain other amounts that are treated as wages for a given week, the claimant may receive the full benefit for that week to which the claimant is entitled if the claimant meets eligibility requirements. However, with certain exceptions, if a claimant earns wages or certain other amounts treated as wages in a given week, the first $30 of the wages or other amounts are disregarded and the claimant’s weekly benefit payment is reduced by 67 percent of any remaining amount earned, but no claimant is eligible to receive UI benefits for any week if the benefits would be less than $5, and any wages that the claimant would have earned in any week for work performed for his or her employer had the claimant accepted available work from that employer are treated as wages earned for that week.

This bill permits an employer to create a work–sharing program within a work unit of the employer. Before implementation of any program, an employer must submit a work–share plan to the Department of Workforce Development (DWD) and obtain DWD’s approval of the plan. As a part of its submittal, the employer must certify that its plan is in compliance with all requirements under the law. Under the bill, a work–share program may be in effect for no longer than six months within a

five-year period and must include at least ten percent of and at least 20 employees in the work unit. Under the program, the working hours of all of the full-time employees in the program are reduced in an equitable manner in lieu of a total layoff of some of the employees and a continuation of full-time employment by the other employees. The bill provides that a claimant who is included in a work-share program may receive UI benefits during his or her continued employment with the work-sharing employer in an amount equal to the claimant’s benefit for total unemployment multiplied by the same percentage reduction in normal working hours that the claimant incurs under the program, or the benefit that would be payable to the claimant under the current formula for payment of UI benefits for partial unemployment, whichever is higher. A claimant who begins receiving UI benefits before the effective period of a work-share program and who remains eligible for benefits is eligible to receive work-share benefits up to the total amount of the claimant’s benefit entitlement and a claimant who has remaining benefit entitlement after the effective period of a work-share program and who remains eligible for UI benefits may continue to receive benefits until the entitlement is exhausted. The bill does not affect eligibility for supplemental UI benefits such as federal/state extended benefits, Wisconsin supplemental benefits and special additional federal benefits in the full amounts that would otherwise be payable.

The bill provides that if there is a single representative of the employees who are proposed to be included under a work-share program, the plan is subject to the approval of that representative. Under the bill, a work-share program must exclude participation by employees who are employed on a regular part-time, seasonal, temporary, or intermittent basis and may only apply to employees who have been engaged in employment with the employer for at least three months before the effective period of the program and who have been regularly employed in that employment for an average of at least 32 hours per week during that period. The bill provides that an employer that creates a work-share program must maintain retirement plan and health insurance coverage for employees who are included in the program during the effective period of the program under the same terms and conditions as if the employees were not included under the program. The bill permits DWD to revoke its approval of a work-share plan for specified reasons and also permits an employer to terminate a work-share program before the end of its scheduled effective period.

Currently, with certain exceptions, a claimant is eligible for UI benefits for any week in which the claimant earns no wages only if the claimant is available for work within that week. This bill provides a claimant who is receiving UI benefits for any week in which he or she is included in a work-share program need not be available for work in that week other than for the normal hours of work that the employer worked for the work-share employer immediately before the effective period of the work-share program. Under recent federal legislation, the federal government participates in the cost of administration of qualifying work-share programs and payment of benefits to participating employees. The bill directs DWD to seek full federal financial participation in the payment of these costs by this state.

(a) “Regular benefits” means benefits payable to an individual under this chapter or any other state law, including benefits payable to federal civilian employees and to former military personnel pursuant to 5 USC ch. 85, other than Wisconsin supplemental benefits, extended benefits and additional benefits as defined in P.L. 91–373.

(b) “Work-share program” means a program approved by the department under which the hours of work of employees in a work unit are reduced in lieu of a layoff of one or more employees in the work unit.

(c) “Work unit” means an operational unit of employees designated by an employer for purposes of a work-share program, which may include more than one work site.

(2) Elements of plan. Any employer may create a work-share program. Prior to implementing a work-share program, an employer shall submit a work-share plan for the approval of the department. In its submittal, the employer shall certify that its plan is in compliance with all requirements under this section. Each plan shall:

(a) Specify the work unit in which the plan will be implemented, the affected positions, and the names of the employees filling those positions on the date of submittal.

(c) Provide for initial coverage under the plan of at least 20 positions that are filled on the effective date of the work-share program.

(e) Provide for apportionment of reduced working hours equitably among employees in the work-share program.

(f) Exclude participation by employees who are employed on a regular part-time, seasonal, temporary, or intermittent basis.

(g) Apply only to employees who have been engaged in employment with the employer for a period of at least 3 months on the effective date of the work-share program and who are regularly employed by the employer in that employment for an average of at least 32 hours per week during that period.

(h) Specify the normal average hours per week worked by the employees in the work unit and the intended reduction or range of reduction in the average hours of work per week worked by the employees under the plan, which shall be at least 10 percent but not more than 50 percent of the normal hours per work of the employees included under the plan.

(i) Describe the manner in which requirements for maximum federal financial participation in the plan will be implemented, including a plan for giving notice, where feasible, to participating employees of changes in work schedules.

(j) Provide an estimate of the number of layoffs that would occur without implementation of the plan.

(k) Specify the effect on any fringe benefits provided by the employer to the employees who are included in the work-share program other than fringe benefits required by law.
(L) Include a statement signed by the authorized agent of any representative of the employees included in the work–share program to the effect that the representative has approved the plan whenever approval is required under sub. (13).

(m) Include a statement affirming that the plan is in compliance with all employer obligations under applicable federal and state laws.

(3) APPROVAL OF PLANS. The department shall approve a plan if the plan includes all of the elements specified in sub. (2). The approval is effective for the effective period of the plan.

(4) EFFECTIVE PERIOD. A work–share program becomes effective on the later of the Sunday of the 2nd week beginning after approval of a work–share plan under sub. (3) or any Sunday after that day specified in the plan. A work–share program ends on the earlier of the last Sunday that precedes the end of the 6–month period beginning on the effective date of the program or any Sunday before that day specified in the plan unless the program terminates on an earlier date under sub. (5), (14), or (15).

(5) REVOCATION OF APPROVAL. The department may revoke its approval of a work–share plan for good cause, including conduct that tends to defeat the purpose and effective operation of the plan, failure to comply with the requirements of this section or the work–share plan, or an unreasonable change to the productivity standards of the employees included under the work–share program. Any revocation is effective on the Sunday of the 2nd week beginning after revocation of approval of the plan under this subsection.

(6) BENEFIT AMOUNT. Except as provided in sub. (7), an employee who is included under a work–share program and who qualifies to receive regular benefits for any week during the effective period of the program shall receive a benefit
payment for each week that the employee is included under the program in an amount equal to the the employee's regular benefit amount under s. 108.05 (1) multiplied by the employee's proportionate reduction in hours worked for that week as a result of the work-share program.

(7) Benefits for partial unemployment. An employee who would otherwise be paid benefits under s. 108.05 (3) for any week shall receive a benefit payment for that week in the amount payable to the employee under sub. (6) or the amount payable to the employee under s. 108.05 (3), whichever is higher.

(8) Benefit year. An employee may be paid a benefit under sub. (6) only for weeks beginning in the employee's benefit year in an amount not exceeding the employee's total benefit entitlement under s. 108.06 (1). Benefits paid under sub. (6) may begin after the first week of the employee's benefit year or may terminate earlier than the last week of the employee's benefit year.

(9) Other benefits. An employee who receives benefits under sub. (6) remains eligible for any benefits other than regular benefits for which the employee may qualify and the amount of those benefits is not affected by the employee's receipt of benefits under sub. (6).

(10) Availability for work. An employee who is receiving benefits under sub. (6) for any week need not be available for work in that week other than for the normal hours of work that the employee worked for the employer that creates the work-share program immediately before the week in which the work-share program began.

(11) Other employment. An employee who is included in a work-share program during a benefit year may be paid wages during the same benefit year by an employer other than the employer who creates the work-share program.
(12) Retirement plan and health insurance coverage. An employer that creates a work-share program shall maintain coverage under any defined benefit or defined contribution retirement plan and any health insurance coverage that the employer provides to the employees who are included in a work-share program, including any particulars of coverage and percentages contributed by the employer for the costs of that coverage, during the effective period of the program under the same terms and conditions as if the employees were not included in the program.

(13) Approval by employee representative. If there is a single representative representing some or all of the employees who are included in a work-share plan, the plan is subject to approval of that representative.

(14) Termination by employer. An employer that creates a work-share program may terminate the program before the end of the effective period as provided in the work-share plan by filing notice of termination with the department. The program is then terminated on the 2nd Sunday following the date that the notice of termination is filed unless the notice specifies that the program is terminated at the beginning of a later week in which case the program terminates at the beginning of that week.

(15) Involuntary termination. If in any week there are fewer than 20 employees who are included in a work-share program of any employer, the program terminates on the 2nd Sunday following the end of that week.

(16) Successorship. If all or any part of the business of an employer that creates a work-share program is transferred as provided in s. 108.16 (8), the successor employer may continue the work-share program as provided in the work-share plan or may terminate the program by filing notice of termination under sub. (14). Termination by a successor employer does not affect any employees of the
transferring employer who continue their employment with the transferring
employer.

(17) TERMINATION OF EMPLOYMENT. An employee who is included in a
work-share program may be terminated or may voluntarily terminate his or her
employment during the effective period of the program and the employee’s eligibility
or ineligibility for benefits for any weeks beginning after the date of termination is
not affected solely as a result of the employee’s inclusion in the program.

(18) FEDERAL FINANCIAL PARTICIPATION. The department shall seek to qualify
this state for full federal participation in the cost of administration of this section and
financing of benefits to employees participating in work share programs under this
section.
