**HIGHWAYS**

Under current law, beginning July 1, 2014, DOT must maintain an inventory of completed designs for highway projects under the major highway projects program and the reconditioning, reconstruction, and resurfacing projects program. The estimated costs of the inventory of projects for each program must be not less than 65 percent of the annual amount of funding provided to each program.

Under this bill, the estimated costs of the inventory of projects for each program must be not less than 20 percent of the annual amount of funding provided to each program.

For further information see the *state* fiscal estimate, which will be printed as an appendix to this bill.
