TRANSPORTATION

HIGHWAYS

Current law requires that any major highway project, unlike other construction projects undertaken by DOT, receive the approval of the Transportation Projects Commission (TPC) and the legislature before the project may be constructed.

This bill removes several completed major highway projects from the list of major highway projects approved for construction.

This bill also requires TPC to present to the legislature a recommendation specifying major highway projects that are appropriate for removal from the list of enumerated major highway projects.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:
