

DRAFTER'S NOTE
FROM THE
LEGISLATIVE REFERENCE BUREAU

LRB-0821/P3dn
RCT:cjs:jm

January 11, 2013

This is another preliminary draft of the mining proposal. I believe that this version covers all of the requested items, except for language to expedite the rule-making.

Should a provision like s. 293.49 (4r) be created for prospecting in s. 293.45?

Please contact me with any questions or redraft instructions.
