2 of the statutes; **relating to:** funding postretirement health care benefits of local
3 government employees.

Analysis by the Legislative Reference Bureau

Currently, cities, villages, towns, counties, school districts, and technical college districts (local governments) provide health care benefits for their employees. Some also provide postretirement health care benefits for their employees.

This bill prohibits a local government from providing health care benefits to any employee hired on or after January 1, 2014, for use upon the employee's retirement, including compensated absences but excluding the implicit rate subsidy, unless the cost of the benefit is fully funded in a segregated account on an actuarial basis or other method that complies with generally accepted accounting principles.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

4 **SECTION 1.** 38.12 (12) of the statutes is created to read:
5 **38.12 (12) HEALTH CARE BENEFITS FOR RETIREES.** If the district board provides
