Subject: Additional Sen. Lehman amendment drafting request (to SSA3-SB76)

Thank you Fern, we got this (a1337) this morning.

Sen. Lehman would also like to request a separate amendment to the same SSA 3 language. With this amendment he would like to compare the charter seeking to replicate to each school in the district, and require that the charter proposing replication outperform the students in every public school in the district by 10%, with each school measured individually rather than "the total percentage of pupils attending public schools operated by the school board that governs the school district..." as in SSA 3

Thank you again

Subject: Sen. Lehman amendment drafting request (to SSA3-SB76)

Good morning Fern.

Sen. Lehman would like to request an amendment to SSA3, along the lines of LRB a1212 (drafted to SSA 2) to require a charter seeking to replicate to exceed by 10% performance of students in schools statewide and not just the district governing the original charter. (Language @ line 14 of p. 2?)

Thank you
