O-NOTE

2013 BILL

COON

1 AN ACT to amend 20.115 (8) (jm), 100.52 (title), 100.52 (2) (b), 100.52 (2) (c) and  
2 100.52 (2) (d); and to create 100.52 (6m) of the statutes; relating to:  
3 prohibiting certain telephone calls using electronically prerecorded messages,  
4 rules for requesting a listing in the nonsolicitation directory, granting  
5 rule-making authority, and making an appropriation.

**Analysis by the Legislative Reference Bureau**

Current law regulates "telephone solicitation," which is defined as the unsolicited initiation of a telephone conversation or text message for the purpose of encouraging the recipient of the telephone call to purchase property, goods, or services. Generally, under current law, a telephone solicitor may not make a telephone solicitation to a residential customer if the customer's telephone number is included in a nonsolicitation directory maintained by the Department of Agriculture, Trade and Consumer Protection (DATCP) listing residential customers who do not wish to receive telephone solicitations. Current law also prohibits a telephone solicitor from using an electronically prerecorded message in a telephone solicitation made to any recipient without the recipient's consent. Nonprofit organizations are not subject to current law regulating telephone solicitations.

This bill prohibits any person from using an electronically prerecorded message in an unsolicited telephone call to a residential customer whose telephone number is included in the nonsolicitation directory, subject to the following exceptions: 1) a call initiated by a school or school district to a student, a parent of a student, or an

**BILL**

employee; 2) a call initiated to a residential customer by a person who has a current business or personal relationship with the customer; 3) a call initiated by a governmental unit that is intended to alert a recipient of the call to a danger to the recipient's health or safety; 4) a call initiated by a college or university to a graduate of the college or university; and 5) a call initiated by a debt collector for the purpose of collecting a debt.

Under the bill, DATCP must promulgate rules requiring any person who uses, or requires an employee or contractor to use, an electronically prerecorded message in a telephone call to a residential customer in this state, other than a call covered by one of the exceptions in the bill, to register with and pay a fee to DATCP. A registration is valid for one year and may be renewed upon payment of a renewal fee to DATCP. Under the bill, registration and renewal fees for persons who use electronically prerecorded messages must equal the fees charged for a telephone solicitor under current law, except that the fees for nonprofit organizations may not exceed one-tenth of the fee charged for a telephone solicitor.

Current law requires DATCP to promulgate rules establishing requirements and procedures for a residential customer to request a listing in the nonsolicitation directory. The rules must require a residential customer who requests a listing in the directory to biennially notify DATCP if the residential customer wishes to continue to be included in the directory. If a residential customer fails to make the biennial notification, DATCP must eliminate the residential customer from the nonsolicitation directory.

Under the bill, DATCP must promulgate rules establishing requirements and procedures for a residential customer to request a listing in the nonsolicitation directory, but the rules may not require a residential customer to periodically renew his or her request as a condition of continuing to include the listing in the nonsolicitation directory.

For further information see the *state* fiscal estimate, which will be printed as an appendix to this bill.
