LRB Number 13-13	44/1	Introduction Number	SB-142	Estimate Type	Original		
Description							
regulating the location of frac sand mines and facilities							

Assumptions Used in Arriving at Fiscal Estimate

This bill prohibits a frac sand mine, a frac sand processing facility, or a frac sand loading facility from being located within 2,500 feet of a single-family or two-family residence or within 2,500 feet of a single-family or two-family residential zoning district.

The bill would have no fiscal impact on the Department, while the impact on local units of government is considered to be indeterminate.

Long-Range Fiscal Implications
