Description Theft of communication and video services, civil damages resulting from the theft of certain services, and providing penalties									

Assumptions Used in Arriving at Fiscal Estimate

Under provisions of this bill, persons who obtain telecommunications service and video service without payment will be subject to a Class C misdemeanor.

Should this bill be enacted, prosecutors anticipate a small fiscal impact on their offices.

Long-Range Fiscal Implications

The long-term fiscal impact of this bill is difficult to calculate, though prosecutors believe there will be a small fiscal effect on their offices.
