Hey Eric,

Thanks for getting that done today. DOT just contacted us with a change to the language I provided you. Can you make the following changes?

"Common motor carrier" means any person who holds himself or herself out to the public as willing to undertake for hire to transport passengers or property by motor vehicle ~~between fixed end points or over a regular route upon the public highways or property over regular or irregular routes upon the public highways.~~ The transportation of passengers in taxicab service or in commuter car pool or van pool vehicles that are designed to transport less than 8 passengers (including the driver) or in a school bus under s. 120.13 (27) shall not be construed as being that of is not transportation by a common motor carrier.

Sorry about the inconvenience. I know it's the end of the day, but would it be possible to see a P2 draft today still? Thanks for working on this!
