1     **AN ACT to amend** 6.88 (3) (a) and 9.01 (1) (b) 1. of the statutes; **relating to:** the  
2             procedure for recounting ballots when electors voting in person are required to  
3             sign the poll list and fail to do so.

---

### *Analysis by the Legislative Reference Bureau*

Currently, with limited exceptions, an elector voting in person at a polling place must enter his or her signature on the poll list or a similar list before being permitted to vote. After entering his or her signature, the election officials mark the poll list to indicate that the elector has voted and, unless voting machines are used, give the elector a ballot. Under current law, with certain exceptions, the election laws are to be interpreted to give effect to the will of the electors if that can be ascertained from the proceedings, notwithstanding failure to fully comply with some of their provisions. When the ballots cast at an election are used to recount the votes cast for an office or question, the officials compare the number of ballots cast to the number of voting electors, according to the poll list. After certain other categories of defective ballots are removed from the count, if the number of voting electors still exceeds the number of ballots, the officials conducting the recount draw a number of ballots at random from the remaining ballots until the number of voting electors equals the number of ballots.

**SENATE BILL 266**

This bill provides that, for purposes of a recount, an elector shall not be considered to be a voting elector if he or she is required to sign the poll list and does not do so.
