1 **AN ACT** *to renumber and amend* 119.12 (6); *to amend* 119.46, 119.60 (1) and
2 119.60 (2); and *to create* 119.61 of the statutes; **relating to:** authorizing the
3 city of Milwaukee to sell eligible school facilities to eligible purchasers.

Analysis by the Legislative Reference Bureau

Under current law, the city of Milwaukee (city) owns the school buildings and school grounds of the Milwaukee Public School (MPS) District. Generally, city-owned property used for school purposes may be sold only upon the written request of the MPS board and if the Milwaukee Common Council adopts a resolution approving the sale. However, if the common council finds that city-owned property used for school purposes has been unused or underutilized for at least 12 consecutive months, or if the MPS board has determined by resolution prior to January 1, 2011, that any city-owned property used for school purposes is surplus to the needs of the district, the common council may sell or lease that property if it adopts a resolution to do so. If the city sells or leases property identified as underutilized or surplus, the net proceeds must be deposited into the school operations fund, which is used to pay the principal, fees, and premiums due on bonds issued for school facilities.

This bill creates an additional mechanism for the sale of certain eligible, city-owned school buildings. The bill defines an eligible school building as an MPS school building that has been either 1) designated as surplus, underutilized, or vacant on any resolution adopted by the MPS board within the previous five years, provided the board is unable to demonstrate that the school building is no longer surplus, underutilized, or vacant; or 2) unused or satisfies any condition qualifying

SENATE BILL 318

the building as underutilized for 12 consecutive months. The bill defines an underutilized school building as a school building that satisfies any of the following: a) less than 40 percent of the square footage of the school is used for the instruction of pupils on a daily, school day basis; b) with limited exceptions, the school is not staffed on a full-time basis by a principal and instructional staff assigned exclusively to the school; or c) the number of hours of pupil instruction offered in the school building in the previous school year was less than 80 percent of the number of hours of pupil instruction required to be offered by MPS. The bill requires the MPS board to annually prepare a detailed inventory of all school buildings in MPS and submit that inventory to the city clerk, the Department of Public Instruction, and the Joint Committee on Finance. The inventory must include the size and capacity of each school building and whether the building has ever been designated as surplus. The city clerk must publish information about eligible school buildings on the city's Web page.

Under the bill, once a school building has qualified as an eligible school building, only an education operator, with certain exceptions, may submit a letter of interest to the common council to purchase the building. The bill defines an education operator as any of the following: 1) the operator of a charter school established by the common council of the city, the chancellor of the University of Wisconsin–Milwaukee, the chancellor of the University of Wisconsin–Parkside, or the Milwaukee Area Technical College district board; 2) the operator of a private school; 3) the operator of a charter school that is not an instrumentality of MPS; 4) an individual or group that is pursuing a contract with an entity under item 1 to operate a school as a charter school; 5) a person that is pursuing a contract with MPS to operate a school as a charter school that is not an instrumentality of the school district; or 6) an entity or organization that has entered into a written agreement with any of the education operators identified in items 1 to 5 to purchase or lease a building within which that education operator will operate a school.

The bill requires the city to update its Web page when a letter of interest has been submitted and to solicit additional letters of intent for a period of 28 days. If more than one education operator submits a letter of interest, the common council must initiate a request-for-proposal process and select a committee to select the most suitable eligible buyer. If a building qualifies as an eligible school building for 48 consecutive months, any person may submit a letter of interest to the common council. Under the bill, the common council must, in a timely manner, negotiate a reasonable purchase price and terms for the purchase with the selected buyer. The bill specifies that a reasonable purchase price must be based upon the price paid for other comparable school buildings sold by the city within the previous five years or on an appraisal of the eligible school building in which comparable properties are compared.

Under current law, the city attorney also serves as the legal advisor for the board. Current law permits the board to retain a separate attorney to represent the board under specified circumstances: if the board determines that the board requires specialized legal expertise; if the city attorney does not have sufficient staff to represent the interests of the board; or if a conflict of interest exists. This bill requires

SENATE BILL 318

the board to retain a separate attorney if the mayor, the common council, the city attorney, or the board determines that any of the specified circumstances exist.

For further information see the *local* fiscal estimate, which will be printed as an appendix to this bill.
