Subject: Draft: Reporting on County Performance on Mental Health Services
Attachments: 13-2668_2.pdf

Rep. Ballweg,

Attached please find the bill draft requiring DHS to require counties to report on core mental health services, as discussed by the Mental Health Task Force. In order to ensure we can have this bill on the floor in November, a co-sponsorship will need to go out by Monday, October 14, and close on Friday, October 18. Also, since this is only an initial draft, please make sure it fits with your intent. That said, I think it is understood by everybody involved that some of the mental health task force bills will require modification in committee.

Tami,

Please give Rep. Ballweg and her staff control over the attached bill draft.

Contact me with any questions.

Thanks,

Andrew

- 1 AN ACT to create 51.42 (7) (d) of the statutes; relating to: reporting on county
- 2 performance on providing core mental health services and requiring the
- 3 exercise of rule-making authority.

Analysis by the Legislative Reference Bureau

Under current law, among other responsibilities of counties related to mental health of its residents, a county board of supervisors or county boards of supervisors of two or more counties must establish a county department of community programs to administer a community mental health, developmental disabilities, alcoholism and drug abuse program, make appropriations to operate the program, and authorize grant applications to fund the program. The county department of community programs, which is governed by a county community programs board, has various powers and duties including the duties of entering into contracts to render or secure services and preparing a local plan which includes an inventory of existing resources, identifies needed resources and services and contains a plan for meeting the needs of those who are mentally ill, developmentally disabled, alcoholic, or drug abusers and those with other psychiatric disabilities. The Department of Health Services (DHS) also has various duties related to the county departments of community programs including reviewing requests and certifying county departments of community programs and community mental health programs; developing a training curriculum for use in training members of the county community programs boards and county human services boards; and prescribing certain standards and requirements.
