Brooke –

This is what we have come up with. Of course these are the basic concepts and I know the drafter will need to word things a little different. As I said on the phone we would greatly appreciate the opportunity to sit down with your office and the LRB drafting attorney to further explain these issues.

Please let me know if you have any questions or need clarification on anything.

Subject: Amendment DSPS Plan Review

Hi Mary,

There are just a couple of things that we would like changed in the amendment for the DSPS plan review LRB a1083/P1

On the first page

Line 5, can you delete "for a meeting" please. Some plan reviews have meetings but not all and that language is not needed.

Line 7, where it says "the applicable fee" could you add in "or authorization to invoice."

On page two

Line 8, same as above, please delete "for a meeting"

Line 11, same as above add "or authorization to invoice"

Also on page 2 line 17 – There is an "and" after "ending" that seems a little out of place but not sure if it is supposed to be there or not.

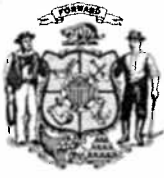

Finally, we talked about the deletion of the language regarding sprinklers which does not appear in the amendment. In the bill on page 3 line 17

~~b) Any plans, specifications, or documents that are prepared for a fire suppression, alarm, or detection system for a building project shall be prepared by a person who has received a permit issued by this state to design fire protection systems pursuant to s. 443.07 (3).~~

Thanks for your help!
