- 2 125.09 (2) (c); and to create 125.09 (2) (cm) and 125.09 (2) (d) 2. of the statutes;
- 3 relating to: underage persons under the influence of alcohol beverages on
- 4 school premises and providing a penalty. ✓

Analysis by the Legislative Reference Bureau

Under current law, a person who has not attained the legal drinking age of 21 years (underage person), and who is not accompanied by his or her parent, guardian, or spouse who has attained the legal drinking age, may not knowingly possess or consume alcohol beverages. An underage person who violates this prohibition is subject to various possible penalties depending on the circumstances, including a minimum forfeiture of \$100 and a maximum forfeiture of \$1,000. ✓

Current law also prohibits a person of any age from possessing or consuming alcohol beverages on premises owned, rented, or under the control of a public, parochial, private, or tribal elementary school, middle school, or high school (school premises), unless written permission is obtained from the school administrator and this permission is consistent with applicable laws, ordinances, and school board policies. A person who violates this prohibition is subject to a forfeiture of not more than \$200, except that an underage person who possesses or consumes alcohol beverages on school premises is subject to the penalties identified above. ✓

This bill prohibits an underage person from being on school premises with any detectable alcohol concentration in his or her blood or breath, regardless of whether the underage person is accompanied by his or her parent, guardian, or spouse who
