

2013 SENATE BILL 519

January 27, 2014 – Introduced by Senator LASEE, cosponsored by Representative PRIDEMORE. Referred to Committee on Education.

1 **AN ACT** *to create* 121.91 (4) (r) of the statutes; **relating to:** school district
2 community programs and services and reducing a school district's revenue
3 limit.

Analysis by the Legislative Reference Bureau

Under current law, a school board may establish community education, training, recreational, cultural, or athletic programs and services. Costs associated with such programs and services are not included in a school district's shared cost for state aid purposes and the tax levy for such programs and services is outside the school district's revenue limit.

This bill provides that a school district's revenue limit is reduced by the amount that the school board transferred in the previous school year from its general fund to its fund for community programs and services.

For further information see the *state and local* fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:
