

2013 SENATE BILL 572

February 5, 2014 - Introduced by Senator PETROWSKI, cosponsored by Representative RIPP. Referred to Committee on Transportation, Public Safety, and Veterans and Military Affairs.

1 **AN ACT to amend** 343.20 (1) (a) of the statutes; **relating to:** expiration of motor
2 vehicle operators' licenses issued after cancellation.

Analysis by the Legislative Reference Bureau

Under current law, a person's operator's license may be cancelled for a variety of reasons. For example, a license may be cancelled if the Department of Transportation (DOT) finds that the application for the license contained a material false statement or if a license has been altered and returned to DOT for cancellation. In most cases where a person's license has been cancelled, the person may apply for a new license at any time. A new license issued after cancellation expires two years from the date of the applicant's next birthday.

Under this bill, a new license issued after cancellation expires on the expiration date of the prior license at the time of cancellation.

For further information see the *state* fiscal estimate, which will be printed as an appendix to this bill.
