### *Analysis by the Legislative Reference Bureau*

Current law requires the Department of Workforce Development (DWD) to establish a statewide workforce investment system to meet the employment, training, and educational needs of persons in this state; to plan, coordinate, administer, and implement a youth apprenticeship program and such other employment and education programs as the governor may assign to DWD; to make grants to persons providing employment and training activities to dislocated workers; and to award grants to public and private organizations for the development and implementation of workforce training programs for the training of both new and incumbent employees of businesses in this state.

This bill decreases the general purpose revenue supplemental appropriation to the Joint Committee on Finance by \$35,400,000 in the 2013–15 state fiscal biennium and increases the workforce training program grants appropriation to DWD by that amount in that biennium and requires DWD to allocate that amount for all of the following:

1. Grants to technical colleges for the reduction of waiting lists for enrollment in programs and courses in high-demand fields, as determined by DWD.

2. Grants for collaborative projects among school districts, technical colleges, and businesses to provide high school pupils with industry-recognized certifications in high-demand fields, as determined by DWD.

3. Grants to public and private organizations or services provided by DWD to enhance employment opportunities for persons with disabilities.

4. Administration of the grants under the bill to technical colleges, grants under the bill for collaborative projects, and grants or services under the bill to enhance employment opportunities for persons with disabilities and, if DWD determines that the full amount of the appropriation increase under the bill will not be needed for those grants and services and for that administration, grants for workforce training programs for the training of new and incumbent employees under current law.

The bill requires DWD, in submitting information to the Department of Administration for purposes of the 2015–17 biennial budget act, to submit information for the workforce training program grants appropriation as though the increase in the dollar amount in that appropriation under the bill had not been made. As a result, the amount of that increase is not included in the base amount for the 2015–17 biennial budget.

For further information see the *state and local* fiscal estimate, which will be printed as an appendix to this bill.
