

**DRAFTER'S NOTE  
FROM THE  
LEGISLATIVE REFERENCE BUREAU**

LRBa0132/P2dn  
MGG:cjs:jm

February 25, 2013

Attention: Jeff and Larry

Throughout the substitute amendment, there are various provisions that have cross-references to the mitigation program under s. 295.60 (8). These references need to cover any federal mitigation requirements. I, therefore, had to restructure pars. (am) and (dm) under s. 295.60 (8). Please review carefully and if you feel this does not work, please call me to discuss this.
