Sorry...in caucus. Need amendments to remove ability for impregnator and grandparents to sue the doctor. And to require insurance companies to cover the cost of the mandatory ultrasound

Importance: High

Can we change what I just requested? Jon wants to say that a patient or a patient's designee may video tape or record from the moment a patient enters the facility in which an ultrasound is to take place and allow her the ability to sue if there is undue pressure to view the screen during the ultrasound.
