Subject: bill draft request

Michael and Fern,

I'd like to request a bill draft that will prevent conflicts of interest by WEDC board members by requiring them to recuse themselves from certain actions in which they would have a financial interest.

Suggested language change to Ch 238:

Members of the board, and any official or employee of the corporation delegated with authority by the board, shall not take official action on a contract with which the board member has a private, direct or indirect, pecuniary interest.

Please let me know if you have any questions. Thanks!

Under the state code of ethics for public officials and employees, a member of the board is prohibited from taking any official action that substantially affects a matter in which the member has a substantial financial interest. The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

- 3 SECTION 1. 238.02 (5) of the statutes is created to read:
- 4 238.02 (5) An employee of the corporation to whom the board delegates its
- 5 authority to contract may not take any official action on a contract in which the

****NOTE: This subsection is based on s. 19.46 (1) (a),[✓] which applies to members of the board of WEDC. I did not include "an official" in the language because I assumed that all officials of WEDC are also employees.[✓] I also used "substantial financial interest" rather than "private pecuniary interest" to be consistent with the code of ethics provision in ch. 19. ANALYSIS

Under current law, it is a felony for a public officer or public employee to, in the officer's or employee's private capacity, negotiate, bid for, or enter into a contract in which the officer or employee has a private pecuniary interest, if at the same time, the officer or employee is authorized to participate, in his or her public capacity, in the making of the contract or to exercise a discretionary official function related to the contract. Current law also prohibits a state public official, including a member of the board of directors (board) of the Wisconsin Economic Development Corporation (WEDC), from taking any official action that substantially affects a matter in which the state public official has a substantial financial interest. *

Under this bill, a member of the board or a WEDC employee to whom the board delegates its authority to contract must notify the board if the member or employee has private pecuniary interest in a contract that is being negotiated, bid for, or entered into with WEDC. The bill further provides that a member of the board or a WEDC employee who notifies the board that he or she has such a private pecuniary interest in a contract is not authorized to participate, in his or her public capacity, in the making of the contract or to exercise an official function that requires the exercise of discretion in regard to the contract.

2013 BILL

X

Regen

1 AN ACT to create 238.045 of the statutes; relating to: private interests in
2 Wisconsin Economic Development Corporation contracts.

Analysis by the Legislative Reference Bureau

Under current law, it is a felony for a public officer or public employee to, in the officer's or employee's private capacity, negotiate, bid for, or enter into a contract in which the officer or employee has a private pecuniary interest if, at the same time the officer or employee is authorized to participate, in his or her public capacity, in the making of the contract or to exercise a discretionary official function related to the contract. Current law also prohibits a state public official, including a member of the board of directors (board) of the Wisconsin Economic Development Corporation (WEDC), from taking any official action that substantially affects a matter in which the state public official has a substantial financial interest.

Under this bill, a member of the board or a WEDC employee to whom the board delegates its authority to contract must notify the board if the member or employee has private pecuniary interest in a contract that is being negotiated, bid for, or entered into with WEDC. The bill further provides that a member of the board or a WEDC employee who notifies the board that he or she has such a private pecuniary interest in a contract is not authorized to participate, in his or her public capacity, in the making of the contract or to exercise an official function that requires the exercise of discretion in regard to the contract.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

1 SECTION 1. 238.045 of the statutes is created to read:

2 238.045 Private interest in public contract. A member of the board or an
 3 employee of the corporation to whom the board delegates its authority to contract
 4 shall notify the board if the member or employee has a direct or indirect, private,
 5 pecuniary interest in a contract that is being negotiated, bid for, or entered into with
 6 the corporation. A member or employee who notifies the board under this section is
 7 not authorized to participate in the member's or employee's capacity as a member of
 8 the board or an employee of the corporation in the making of the contract or to
 9 perform in regard to the contract some official function requiring the exercise of
 10 discretion on the member's or employee's part.

****NOTE: The language about performing an official function that requires the
 exercise of discretion is from s. 946.13 (1) (a). If you wanted to restrict this bill only to the
 making of a contract, please let me know and I will remove that language.

Reger

- 1 AN ACT to create 238.045 of the statutes; relating to: private interests in
- 2 Wisconsin Economic Development Corporation contracts.

Analysis by the Legislative Reference Bureau

Under current law, it is a felony for a public officer or public employee to, in the officer's or employee's private capacity, negotiate, bid for, or enter into a contract in which the officer or employee has a private pecuniary interest if, at the same time the officer or employee is authorized to participate, in his or her public capacity, in the making of the contract or to exercise a discretionary official function related to the contract. Current law also prohibits a state public official, including a member of the board of directors (board) of the Wisconsin Economic Development Corporation (WEDC), from taking any official action that substantially affects a matter in which the state public official has a substantial financial interest.

~~Under this bill, a member of the board or a WEDC employee to whom the board delegates its authority to contract must notify the board if the member or employee has private pecuniary interest in a contract that is being negotiated, bid for, or entered into with WEDC. The bill further provides that a member of the board or a WEDC employee who notifies the board that he or she has such a private pecuniary interest in a contract is not authorized to participate, in his or her public capacity, in the making of the contract or to exercise an official function that requires the exercise of discretion in regard to the contract.~~

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

LRB-1852/2dn
FFK:.....

To Representative Stone:

After our telephone conversation, it occurred to me that if you prefer to retain the concept of an "ethics compliance officer" without statutorily requiring the position, one alternative would be to require the CEO to designate an existing WEDC employee to be the "ethics compliance officer." The bill would then require the notification to go to the compliance officer or the CEO, if the compliance officer was unavailable. One advantage to this approach is that if someday, for whatever reason, WEDC employed outside legal counsel, the notice would stay within WEDC.

Fern,

Representative Stone would like the following language added to the bill draft LRB 1852/2:

"The board shall prohibit the corporation from entering into any contract with an entity in which an employee of the corporation has a controlling interest." inserted at the end of the statutory language from Rep. Stone's bill.
