2013 BILL

9/23/13

Today

4

Regen

1 AN ACT *to create* 20.255 (2) (ct) and 115.367 of the statutes; **relating to:** career
2 and technical education incentive grants and making an appropriation.

Analysis by the Legislative Reference Bureau

This bill establishes a grant program to promote career and technical education programs in school districts that operate high school grades. Under the bill, the Department of Public Instruction (department) must annually confer with the Department of Workforce Development and the Wisconsin Technical College System to identify industries and occupations that face workforce shortages or shortages of adequately trained, entry-level workers. The bill requires the department to approve industry-recognized certification programs that will address the workforce shortages in the identified industries and occupations. The bill also requires the department to award grants of \$1,000 per pupil to school districts for each pupil in the school district who completes an approved, industry-recognized certification program and who graduates from a high school in the school district. The bill allocates \$3 million to the grant program, and grants will become available beginning in the 2014-15 school year.

For further information see the ***state and local*** fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

Barman, Mike
