**Sent:** Tuesday, May 07, 2013 4:46 PM  
**To:** Tradewell, Becky  
**Subject:** LRB 0940 companion bill request

Hi Becky,

Senator Kedzie would like to request a companion bill draft to LRB 0940/1 relating to wastewater discharge permits. Rep. Ott's office should have contacted you to provide permission.

Thank you!

Dan Johnson

**Senator Neal Kedzie**

**2013 BILL**

no charges

DWS  
5/8  
for

Regen ✓

1 AN ACT to amend 283.31 (1) of the statutes; relating to: the number of  
2 wastewater discharge permits required for a publicly owned sewage treatment  
3 facility or system.

***Analysis by the Legislative Reference Bureau***

Current law prohibits the discharge of wastewater from a point source (such as a pipe) to surface water or groundwater without a permit from the Department of Natural Resources (DNR). The law generally prohibits DNR from requiring more than one wastewater discharge permit for a publicly owned sewage treatment facility or system, regardless of the number of point sources from the system.

This bill eliminates the prohibition on DNR requiring more than one wastewater discharge permit for a publicly owned sewage treatment or collection system.

***The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:***

4 SECTION 1. 283.31 (1) of the statutes is amended to read:  
5 283.31 (1) The discharge of any pollutant into any waters of the state or the  
6 disposal of sludge from a treatment work by any person is unlawful unless such

**BILL**

1 discharge or disposal is done under a permit issued by the department under this  
2 section or s. 283.33. The department may by rule exempt certain classes or categories  
3 of vessels from this section. ~~Except as provided in s. 283.33, the department may~~  
4 ~~require only one permit for a publicly owned treatment or collection facility or~~  
5 ~~system, regardless of the number of point sources from such facility or system.~~

6 (END)
