

DRAFTER'S NOTE
FROM THE
LEGISLATIVE REFERENCE BUREAU

LRBa0705/1dn
PJH:sac:jm

July 15, 2013

Julie,

Please review this draft carefully to ensure that it reflects your intent. The amendment tracks closely the Maine statute you forwarded to me, but there are a few changes to comply with our statutory scheme. It would be a good idea to have one of our landlord-tenant drafters take a close look at the draft, too, because there may be remedies or other requirements that I overlooked when drafting the amendment. Let's talk on Tuesday to discuss any changes you may wish to see.
