Analysis by the Legislative Reference Bureau

This is a preliminary draft. An analysis will be provided in a subsequent version of this draft.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

2 SECTION 1. Subchapter I of chapter 701 [precedes 701.0101] of the statutes is

3 created to read:

(title)

(B all caps)

CHAPTER 701

SUBCHAPTER I

GENERAL PROVISIONS AND DEFINITIONS

6 SECTION 2. 701.0101 of the statutes is created to read:

7 701.0101 Article I, Section 101 - Short title. This chapter may be cited as
8 the Wisconsin Trust Code.

9 SECTION 3. 701.0102 of the statutes is created to read:

1 **701.0102 Article I, Section 102 - Scope.** This chapter applies to express,
2 charitable or non-charitable, and testamentary or inter vivos trusts, and any trust
3 created pursuant to a statute, judgment, or decree that requires the trust to be
4 administered in the manner of an express trust. This chapter does not apply to any
5 of the following:

6 (1) A constructive or resulting trust.

7 (2) A guardianship.

8 (3) A conservatorship.

9 (4) A custodial arrangement made pursuant to the uniform transfers to minors
10 act under ss. 54.854 to 54.898 or the uniform custodial trust act under ss. 54.950 to
11 54.988. ✓

12 (5) A common trust or a collective investment fund.

13 (6) A trust created by a depository agreement with a financial institution.

14 (7) A trust fund held for a business transaction, including an escrow or other
15 security arrangement.

16 (8) A voting trust.

17 (9) A fund maintained pursuant to court order in conjunction with a
18 bankruptcy proceeding, business liquidation, or class action lawsuit.

19 (10) A trust that is part of an employee benefit arrangement or an individual
20 retirement account.

21 (11) A trust established under a qualified tuition savings program or
22 education savings account.

23 (12) A trust account maintained on behalf of a client or customer by a licensed
24 service professional, including a trust account maintained by an attorney or by a real
25 estate broker.

1 (13) Any other arrangement under which a person is a nominee or escrowee
2 for another.

3 SECTION 4. 701.0103 of the statutes is created to read:

4 **701.0103 Article I, Section 103 - Definitions.** In this chapter:

5 (1) "Action," with respect to an act of a trustee, includes a failure to act.

6 (2) "Ascertainable standard" means a standard relating to an individual's
7 health, education, support, or maintenance within the meaning of section 2041 (b)

8 (1) (A) or 2514 (c) (1) of the ^{I R C}_{= = =} internal revenue code.

9 (3) "Beneficiary" means a person that satisfies one of the following:

10 (a) Has a present or future beneficial interest in a trust, vested or contingent.

11 (b) In a capacity other than that of trustee, trust protector, or a directing party,
12 holds a power of appointment over trust property.

13 (4) "Charitable trust" means a trust, or portion of a trust, created for a
14 charitable purpose described in s. 701.0405 (1).

15 (5) "Conservator" means a person appointed by a court pursuant to s. 54.76.

****NOTE: In general, under LRB drafting conventions, we use the article "a" to refer to a noun in the first instance and the article "the" to refer back to the noun previously identified. For that reason, I have changed "the court" to "a court". Please let me know if this modifies the intent of the particular statutory provision. I will identify other places where I make this change of referential articles.

16 (6) "Directed trust property" means all or any portion of the property of a trust
17 that is invested or managed by a directing party and for which the excluded trustee
18 has no investment management responsibility.

****NOTE: I changed "the trust" to "a trust".

****NOTE: The most recent version of this definition (submitted by Victor Schultz by e-mail on 12/5/2011) added the words "invested or" before the first occurrence of "managed." Okay?

19 (7) "Directing party" means any person other than the settlor who, pursuant
20 to a trust instrument, is given a power to direct specified actions of the trustee.

****NOTE: I changed "the trust instrument" to "a trust instrument", but did not change "the settlor" to "a settlor" because "the settlor" refers back to the trust instrument. Okay? ←

****NOTE: The most recent version of this definition (submitted by Victor Schultz by e-mail on 12/5/2011) substituted "any person other than the settlor" for "any party other than the settlor" and eliminated "or consent to" from the phrase "given a power to direct or consent to specified actions..." Okay?

1 (8) "Disabled individual" means an individual with a medically determined
2 mental or physical impairment who meets one of the following tests: tying

****NOTE: I think this definition is problematic. "Mental or physical impairment" is a broad, vague phrase, and I'm not sure what "medically determined" means. Who is qualified to make such a determination? Might I suggest tying the definition for "disabled individual" to one of the definitions for disability or disabled individuals under current law? See, for example, the definition of physical disability at s. 15.197 (4) (a) 2. and the definitions of developmental disability at ss. 49.498 (1) (c) and 51.01 (5) (a). Note also that "child with a disability" is defined at s. 115.76 (5) and that there are definitions for "person with a disability" and "individual with a disability" and permanently and totally disabled veteran, among others. ↓

move note:

3 (a) The individual receives social security, supplemental security income, or
4 medicaid benefits on the basis of being a disabled individual as defined by such
5 program.

6 (b) The individual's impairment is of the type and severity that would qualify
7 the individual for social security, supplemental security income, or medicaid if the
8 individual applied and was financially eligible, regardless of the person's age, work
9 record, and engagement in substantial gainful activity.

10 (9) "Environmental law" means a federal, state, or local law, rule, regulation,
11 or ordinance relating to protection of the environment.

****NOTE: I'm not sure this definition works for the manner in which the term is used elsewhere in the draft. I don't believe "relating to protection of the environment" would encompass a law that requires the clean-up or remediation of contaminated property or a law that would impose liability on an entity for despoliation or damage to the environment. That said, I am not sure it is necessary to provide a definition for "environmental law" at all.

12 (10) "Excluded trustee" means any trustee who, pursuant to a trust
13 instrument, is excluded from exercising specified powers that are given to a directing

1 party, and who is directed to act in accordance with the exercise of such powers by
2 the directing party.

****NOTE: I replaced "the trust instrument" with "a trust instrument" in the first line of this subsection. I also replaced "such trustee" with "that trustee".

****NOTE: The most recent version of this definition (submitted by Victor Schultz by e-mail on 12/5/2011) omitted the following material that had been included in a previous version: "If the trust instrument provides that a trustee as to one or more specified matters is to act, omit action, or make decisions only with the consent of a directing party, then that trustee is an excluded trustee with respect to such specified matters." Okay?

3 (11) "Guardian" means a person appointed by a court as guardian of the estate
4 of a minor or adult individual pursuant to s. 54.10. "Guardian" does not include a
5 guardian ad litem or guardian of the person.

6 (12) "Incapacity" means the inability to receive and evaluate information
7 effectively or to communicate decisions to such an extent that the individual lacks
8 the capacity to manage his or her decisions. A trustee may rely on the written report
9 of an examining physician in determining whether an individual is under incapacity.

****NOTE: I changed "The trustee" to "A trustee" in the second sentence of this subsection. That said, it seems as though the second sentence of this subsection is substantive, rather than definitional. That is, it goes to what evidence may be used by a trustee to determine whether a person is under incapacity, not what incapacity means. Is there a more appropriate section within which to place this second sentence?

10 (13) "Interests of the beneficiaries" means the beneficial interests provided in
11 the terms of a trust.

****NOTE: I changed "the trust" to "a trust".

12 (14) "Internal ^Rrevenue ^Ccode" means the ^Iinternal ^Rrevenue ^Ccode of 1986, as
13 amended, or such subsequent federal revenue law as may be in effect from time to
14 time.

15 (15) "Jurisdiction," with respect to a geographic area, includes a state or
16 country.

Insert 6-6

NOTE: Power of withdrawal is defined as a power of appointment but no definition is provided for "power of appointment" so should a definition for "power of appointment" be provided?

1 (16) "Person" means an individual, corporation, business trust, estate, trust,
2 partnership, limited liability company, association, joint venture, government;
3 governmental subdivision, agency, or instrumentality; public corporation, or any
4 other legal or commercial entity.

5 (17) "Power of withdrawal" means a presently exercisable general power of
6 appointment but does not include any of the following:

- 7 (a) A power exercisable by a trustee and limited by an ascertainable standard.
- 8 (b) A power exercisable by another person only upon consent of a trustee or a
9 person holding an adverse interest.

***NOTE: I changed "the trust" to "a trust".

***NOTE: I am not clear why the first person identified in this paragraph is "another person"; is the point to distinguish this other person from the person holding an adverse interest? If so, would it be acceptable for the paragraph to read: "A power exercisable by a person only upon consent of a trustee or another person holding an adverse interest"? Also, does the clause "holding an adverse interest" modify trustee or only person?

10 (18) "Property" means anything that may be the subject of ownership, whether
11 real or personal or legal or equitable, or any interest therein.

12 (19) "Qualified beneficiary" means a beneficiary who, on the date the
13 beneficiary's qualification is determined, satisfies any of the following:

- 14 (a) Is a distributee or permissible distributee of trust income or principal.
- 15 (b) Without considering the existence or exercise of a power of appointment,
16 would be a distributee or permissible distributee of trust income or principal if the
17 interests of the distributees described in par. (a) terminated on that date without
18 causing the trust to terminate.
- 19 (c) Without considering the existence or exercise of a power of appointment,
20 would be a distributee or permissible distributee of trust income or principal if the
21 trust terminated on that date.

Insert 6-15

1 (20) "Revocable," as applied to a trust, means revocable by the settlor without
2 the consent of the trustee or a person holding an adverse interest, regardless of
3 whether the settlor has the mental capacity to do so.

****NOTE: This definition is problematic. It defines the term, revocable, by using the defined term, revocable. This is circular. Further, the last clause of this definition is not clear; what action does "has the mental capacity to do so" refer to? Does "to do so" refer to the action of revoking a trust? If so, I think that word (revoke) needs to be used, and then defined. What does the action "revoke" mean with respect to a trust?

4 (21) "Settlor" means a person, including a testator, who creates, or contributes
5 property to, a trust. If more than one person creates or contributes property to a
6 trust, each person is a settlor of the portion of the trust property attributable to that
7 person's contribution except to the extent another person has the power to revoke the
8 trust or withdraw that portion.

****NOTE: I believe the second sentence of this definition is substantive, rather than definitional. I recommend that it be moved to a section dealing with the creation of a trust and the powers of persons who contribute to a trust.

9 (22) "Spendthrift provision" means a term of a trust which restrains either or
10 both of a voluntary or involuntary transfer of a beneficiary's interest.

11 (23) "State" means a state of the United States, the District of Columbia,
12 Puerto Rico, the United States Virgin Islands, any territory or insular possession
13 subject to the jurisdiction of the United States, and an Indian tribe or band
14 recognized by federal law or formally acknowledged by a state.

****NOTE: The definition provided for "state" in the drafting instructions defined state to mean one of several enumerated entities and to include an Indian tribe or band. When a term is defined with the word, "means," the definition is generally interpreted in a restrictive manner. That is, only the enumerated terms fall within the defined term. In contrast, when a term is defined with the word, "includes," the definition is expansive, and the enumerated terms are but examples of the defined term.

It was not clear to me whether an Indian tribe or band would fall under the category "any territory or insular possession subject to the jurisdiction of the United States." If, however, an Indian tribe would not fall within this category, it is not appropriate to define a state to include Indian tribes, because an Indian tribe does not fall within any of the other enumerated categories. For that reason, I changed the definition of state to mean a "state of the United States . . . and an Indian tribe..." Okay?

✓
Insert 7 end

1 (24) "Terms of a trust" means the manifestation of the settlor's intent regarding
2 a trust's provisions as expressed in the trust instrument or as may be established by
3 other evidence that would be admissible in a judicial proceeding.

4 (25) "Trust for a disabled individual" means any trust that is established for
5 the benefit of a disabled individual of any age who has a medically determined
6 impairment, if the trust does not result in ineligibility for public assistance under ch.
7 49.

****NOTE: I substituted the phrase "individual with a disability" with "disabled individual, which is a defined term. That said, is it necessary to use both "disabled individual" and "who has a medically determined impairment" to describe the individual? Do you want to define "medically determined impairment"?

8 (26) "Trust instrument" means an instrument executed by a settlor or an order
9 of the court that contains terms of the trust, and includes any amendments executed
10 by the settlor, nonjudicial settlement agreements, and modifications by court order
11 or as otherwise permitted by statute.

****NOTE: I changed the first reference to settlor from "the settlor" to "a settlor."

****NOTE: Do you intend "or as otherwise permitted by statute" to refer back to modifications? If so, is it possible that some law other than statutes would permit modifications? If not, what does this clause refer back to?

12 (27) "Trust protector" means any person, other than a settlor or a qualified
13 beneficiary, whose appointment is provided for in the trust instrument and who has
14 any of the powers defined in s. 701.0818.

****NOTE: The most recent definition of this term, submitted by Victor Schultz by e-mail on 12/5/2011, eliminated "or who is appointed by a court of competent jurisdiction and whose powers are" following "trust instrument" and substituted "and who has any of the powers...". Also eliminated was ", but excludes a directing party" following the cross-reference to s. 701.0818. Okay?

15 (28) "Trustee" includes an original, additional, and successor trustee, and a
16 cotrustee.

17 SECTION 5. 701.0104 of the statutes is created to read:

Insert 8-15

1 **701.0104 Article I, Section 104 - Knowledge.** (1) Subject to sub. (2), a
2 person has knowledge of a fact if any of the following apply:

3 (a) The person has actual knowledge of the fact.

4 (b) The person has received a notice or notification of the fact.

5 (c) The person has reason to know the fact from all the facts and circumstances
6 known to the person at the time in question.

7 **(2)** An organization that conducts activities through employees has notice or
8 knowledge of a fact involving a trust only from the time the information was received
9 by an employee having responsibility to act for the trust, or would have been received
10 by the employee if the organization had exercised reasonable diligence. An
11 organization exercises reasonable diligence if it maintains reasonable routines for
12 communicating significant information to the employee having responsibility to act
13 for the trust and there is reasonable compliance with the routines. Reasonable
14 diligence does not require an employee of the organization to communicate
15 information unless the communication is part of the individual's regular duties or the
16 individual knows a matter involving the trust would be materially affected by the
17 information.

18 **SECTION 6.** 701.0105 of the statutes is created to read:

19 **701.0105 Article I, Section 105 - Default and mandatory rules.** (1)
20 Except as otherwise provided in the terms of the trust, this chapter governs the
21 duties and powers of a trustee, relations among trustees, and the rights and interests
22 of a beneficiary.

23 **(2)** The terms of a trust prevail over any provision of this chapter except for the
24 following:

25 (a) The requirements for creating a trust.

1 (b) The duty of a trustee or a directing party to act in good faith and in
2 accordance with the terms and purposes of a trust instrument and the interests of
3 the beneficiaries.

****NOTE: I changed "the trust instrument" to "a trust instrument".

4 (c) The requirement that a trust and its terms be for the benefit of its
5 beneficiaries, and that the trust have a purpose that is lawful.

6 (d) The power of a court to modify or terminate a trust under ss. 701.0410
7 through 701.0416.

8 (e) The effect of a spendthrift provision and the rights of certain creditors and
9 assignees to reach a trust as provided in ss. 701.0501 through 701.0507.

10 (f) The power of the court under s. 701.0702.

11 (g) The power of the court under s. 701.0708 (2) to adjust a trustee's
12 compensation specified in the terms of the trust.

13 (h) The effect of an exculpatory term under s. 701.1008.

14 (i) The rights under ss. 701.1010 through 701.1013 of a person other than a
15 trustee or beneficiary.

16 (j) Periods of limitation for commencing a judicial proceeding.

17 (k) The power of the court to take such action and exercise such jurisdiction
18 as may be necessary in the interests of justice.

19 (l) The jurisdiction of the court and venue for commencing a proceeding as
20 provided in ss. 701.0202, 701.0203 and 701.0204.

21 (m) The jurisdiction of the court under ss. 701.0807 (4), 701.0808 (8) and
22 701.0818 (7).

23 SECTION 7. 701.0106 of the statutes is created to read:

Insert 10-22

Insert 10-16

1 **701.0106 Article I, Section 106 - Common law of trusts; principles of**
2 **equity.** (1) The common law of trusts and principles of equity supplement this
3 chapter, except to the extent modified by this chapter or another statute of this State.

4 **SECTION 8.** 701.0107 of the statutes is created to read:

5 **701.0107 Article I, Section 107 - Governing law.** The meaning and effect
6 of the terms of a trust are determined by one of the following:

Insert note

7 (1) The law of the jurisdiction designated in the trust instrument provided
8 there is a sufficient nexus to the designated jurisdiction at the time of the creation
9 of the trust or during the trust administration, including the place of execution of the
10 trust instrument, the location of real property held by the trust, or the residence or
11 location of an office of the settlor, trustee, or any beneficiary.

****NOTE: The word nexus is used only six times in the statutes; in one case in the title of a subsection and in one case to identify a hallucinogenic substance. In two of the other three instances, nexus is followed closely by the word between. I have a couple of thoughts/questions. First, can we substitute connection or ties or links for nexus? Second, I don't believe it is entirely clear what the nexus, or connection, is between or to: between or to the designated jurisdiction and what? The trust document? (If so, can the beginning of the subsection read as follows: "The law of the jurisdiction designated in the trust instrument, provided there is a sufficient nexus between the trust instrument and the designated jurisdiction"?)

****NOTE: I eliminated the clause "but not limited to" from this subsection which our LRB drafting manual identifies as redundant.

****NOTE: Perhaps these are obvious questions, but this provision does not address who determines whether there is a sufficient nexus, what standard is applied to make such a determination, and when that determination is made. Should these issues be addressed in this provision, or are these questions answered by case law?

12 (2) In the absence of a controlling designation in the trust instrument, the law
13 of the jurisdiction in which the settlor is domiciled when the trust becomes
14 irrevocable.

****NOTE: What is a "controlling designation"? Does it depend on the outcome of the nexus test in sub. (1)? If not, how is it different than the nexus test under sub. (1)?

instrument
The settlor? The beneficiaries? The trust property?
[fill in the blank]

1 (3) In the event of a conflict in the determination of governing law between
2 jurisdictions, the law of the jurisdiction having the most significant relationship to
3 the matter at issue.

4 SECTION 9. 701.0108 of the statutes is created to read:

5 701.0108 Article I, Section 108 - Principal place of administration. (1)

6 Without precluding other means for establishing a sufficient connection with the
7 designated jurisdiction, ^{in the trust instrument} terms of a trust designating the principal place of
8 administration are valid and controlling if any of the following apply:

****NOTE: If there are other means for establishing a sufficient connection, shouldn't they be included here? I don't know what "without precluding other means" means or whether it really adds anything if it is not clear what those other means might be.

9 (a) A trustee's principal place of business is located in or a trustee is a resident
10 of the designated jurisdiction, ^{designated in the trust instrument}

11 (b) All or part of the administration of the trust occurs in the designated
12 jurisdiction, ^{designated in the trust instrument}

13 (c) The trust instrument designates the jurisdiction where the settlor is
14 domiciled at the time the trust instrument is executed.

15 (2) (a) Subject to par. (b), a trustee shall administer a trust at a place
16 appropriate to its purposes, its administration, and the interests of the beneficiaries.

****NOTE: What does it mean to administer a trust at a place appropriate to its administration? That seems circular.

17 (b) A trustee shall not be required to transfer a trust's principal place of
18 administration to another state or to a jurisdiction outside of the United States.

****NOTE: I split the second half of the sentence into its own paragraph. That said, I am confused by this paragraph, which seems to say that the principal place of administration of every trust must be in this state even if other factors, including perhaps the factors contributing to the "sufficient connection," place the jurisdiction of the trust in another state. Am I missing something? Should there be some conditions on the prohibition that the trustee not be required to transfer the principal place of administration?

Insert 12-note

(2) (2)(b) (3)

Or, perhaps this paragraph should be the conditional of ~~the next~~ subsection and not ~~this~~ subsection? That is, a trustee may transfer the principal place of administration to another state if it is appropriate to the purposes of the trust and the interests of the beneficiaries, but may not be required to make such a transfer? If so, I suggest the following modifications: Begin sub. (2) with "Subject to sub. (3), . . ." Renumber sub. (2) (b) to be sub. (3) (b). Renumber sub. (3) to sub. (3) (a) and start this sub. (3) (a) with "Except as provided in par. (b) . . .". Let me know how you wish me to proceed.

1 (3) Without precluding the right of the court to approve or disapprove a
 2 transfer, a trustee may transfer a trust's principal place of administration to another
 3 state or to a jurisdiction outside of the United States that is appropriate to the trust's
 4 purposes, its administration, and the interests of the beneficiaries.

****NOTE: When is court approval required? Instead of saying "Without precluding the right. . ." can this read "Subject to the power of a court . . ."?

5 (4) The trustee shall notify the qualified beneficiaries of a proposed transfer
 6 of a trust's principal place of administration not less than 30 days before initiating
 7 the transfer. The notice of proposed transfer must include all of the following:

8 (a) The name of the jurisdiction to which the principal place of administration
 9 is to be transferred.

10 (b) The address and telephone number at the new location at which the trustee
 11 can be contacted.

****NOTE: Do you want provide the option for including an electronic mail address, if available?

12 (c) An explanation of the reasons for the proposed transfer.

13 (d) The date on which the proposed transfer is anticipated to occur.

14 (e) The date, not less than 30 days after the giving of the notice, by which the
 15 qualified beneficiary must notify the trustee of an objection to the proposed transfer.

16 (5) The authority of a trustee to act under this section without court approval
 17 to transfer a trust's principal place of administration is suspended if a qualified
 18 beneficiary commences a judicial proceeding objecting to the proposed transfer on or

subsection (3) and (4) of

1 before the date specified in the notice. The suspension is effective until the judicial
2 proceeding is resolved or withdrawn.

INSERT
14-6

****NOTE: This section ~~implies~~ ^{imply} that a trustee may act without court approval but this authority isn't explicitly mentioned or provided until it is suspended under this section. Would it be appropriate to clearly state that a trustee has the power to transfer the principal place of administration?

to transfer the principal place of administration

granted

3 (6) In connection with a transfer of a trust's principal place of administration,
4 the trustee may transfer some or all of the trust property to a successor trustee
5 designated in the terms of the trust or appointed pursuant to s. 701.0704.

6 (7) Unless otherwise validly designated in the trust instrument, the principal
7 place of administration of a trust is the trustee's usual place of business or, if the
8 trustee has no place of business, the trustee's residence. A corporate trustee who has
9 offices in multiple states and who performs administrative functions for a particular
10 trust in multiple states may designate the principal place of administration by
11 providing notice to the qualified beneficiaries. The corporate trustee must have a
12 nexus to the designated jurisdiction, ^{or designated in the trust instrument} including a trust office and the performance of
13 some administrative functions ^{for that particular trust} in that particular jurisdiction. The transfer of some
14 of the administrative functions of the corporate trustee to another state or states does
15 not transfer the principal place of administration as long as the corporate trustee
16 maintains an office and performs some administrative functions in the designated
17 jurisdiction ^{designated in the trust instrument} and the corporate trustee does not transfer the place of administration
18 pursuant to sub. (4).

Insert 14-19

19 (8) The principal place of administration in the case of co-trustees is one of the
20 following:

21 (a) The usual place of business of the corporate trustee, if there is only one
22 corporate trustee.

1 (b) The usual place of business or residence of any of the trustees as agreed
2 on by the trustees.

***NOTE: Is "on," and not "to," the correct preposition here?

3 (9) The law of the trust's principal place of administration will govern
4 administrative matters.

5 SECTION 10. 701.0109 of the statutes is created to read:

6 701.0109 Article I, Section 109 - Methods and waiver of notice. (1)

7 Notice to a person under this chapter or the sending of a document to a person under
8 this chapter must be accomplished in a manner reasonably suitable under the
9 circumstances and likely to result in receipt of the notice or document. Permissible
10 methods of notice or for sending a document include first-class mail, personal
11 delivery, delivery to the person's last known place of residence or place of business,
12 or a properly directed electronic message.

13 (2) Notice otherwise required under this chapter or a document otherwise
14 required to be sent under this chapter need not be provided to a person whose identity
15 or location is unknown to and not reasonably ascertainable by a trustee.

****NOTE: The LRB drafting conventions do not permit mid-paragraph subdivision notations. For that reason, I eliminated "(i) and (ii)" from this subsection. Let me know if this creates a problem for applying or interpreting this subsection.

****NOTE: LRB drafting conventions prohibit the use of semi-colons following a colon and, instead, require that we precede a series that follows a colon with "the following". In the series that follows this colon, can one or more of the following be satisfied? That is, is the phrase "one of the following" appropriate or would "one or more of the following" or "at least one of the following" be better?

6 (a) The charitable organization is a distributee or permissible distributee of
7 trust income or principal.

8 (b) The charitable organization would be a distributee or permissible

12 (c) The charitable organization would be a distributee or permissible

14 (2) A person appointed to enforce a trust created for the care of an animal or

3 **SECTION 12.** 701.0111 of the statutes is created to read:

4 **701.0111 Article I, Section 111 - Nonjudicial settlement agreements. (1)**

5 In this section, "interested person" means a person whose consent would be required
6 in order to achieve a binding settlement were the settlement to be approved by the
7 court.

****NOTE: LRB drafting conventions generally require the use of the singular form
of nouns. Also, note that I separated out the definition for "interested person" from the
substantive requirement that the standards applicable to representation will also be
applicable an interested person.

Invest 17-10

8 (2) The rules of ~~subch.~~ ^{to} III shall apply to the determination of an interested
9 person under this section.

10 (3) Except as provided in sub. (4), an interested person may enter into a binding
11 nonjudicial settlement agreement, which shall have the same effect as if approved
12 by the court, with respect to any matter involving a trust.

13 (4) A nonjudicial settlement agreement is valid only to the extent it includes
14 terms and conditions that could be properly approved by the court or under this
15 chapter or other applicable law.

****NOTE: This section specifies who an interested person is, with respect to a
nonjudicial settlement agreement, and when a nonjudicial settlement agreement is valid,
but does not provide a definition for a judicial settlement agreement or explain when such
an agreement would be necessary or used. Is such a definition or explanation needed?

16 (5) Matters that may be resolved by a nonjudicial settlement agreement
17 include any of the following:

18 (a) The interpretation or construction of the terms of the trust.

19 (b) The approval of a trustee's report or accounting or waiver of the preparation

1 (c) Direction to a trustee to perform or refrain from performing a particular act
2 or the grant to a trustee of any necessary power.

3 (d) The resignation or appointment of a trustee.

4 (e) The determination of a trustee's compensation.

5 (f) The transfer of a trust's principal place of administration.

6 (g) The liability or release from liability of a trustee for an action relating to the
7 trust.

8 (h) The criteria for distribution to a beneficiary where the trustee is given
9 discretion.

10 (i) The resolution of disputes arising out of the administration or distribution
11 of the trust.

12 (j) An investment action.

13 (k) Appointment of a directing party under s. 701.0808.

14 (L) Appointment of a trust protector under s. 701.0818.

15 (m) Any other matter concerning the administration of a trust.

16 (6) Any interested person may request the court to approve a nonjudicial
17 settlement agreement to determine whether the representation as provided in
18 **Article 3** was adequate and to determine whether the agreement contains terms and
19 conditions the court could have properly approved.

****NOTE I eliminated two commas from this subsection (following the first

 ****NOTE: Is it necessary to keep the phrase "governing circuit courts" in the last sentence of this section? I think the sentence could be simplified as follows: "Except as otherwise provided in this chapter, and as applicable, the probate procedure described in ch. 879 shall apply to such proceedings."?

16 (2) If a trust has no trustee, venue for a judicial proceeding for the appointment
17 of a trustee is in any of the following:

- 18 (a) A county of this state in which a beneficiary resides.
- 19 (b) A county in which any trust property is located.

NOTE: What does it mean that venue "shall be further governed by..." I wonder whether, instead of using the word "further" here, I can insert "subject to sub. (3)" in the intro to sub. (1) so that it would read as follows: "Except as provided in sub. (2) and subject to sub. (3)..."?

9 (3) Property of a trust authorized by this section may be applied only to its

****NOTE: Wisconsin law authorizes the creation of cemetery authorities (see s. 157.061 (2)). Would it be appropriate to add to or substitute the word authority for company and corporation in the sentence that begins "Any cemetery company, association, or corporation...?"

****NOTE: The term "creating instrument" seems odd to me; is "trust instrument" an appropriate alternative?

4 (3) A trust authorized by this section may be enforced by a person appointed
5 in the terms of the trust or, if no person is so appointed, by a person appointed by the
6 court.

7 (4) Property of a trust authorized by this section may be applied only to its
8 intended use, except to the extent the court determines that the value of the trust
9 property exceeds the amount required for the intended use. Except as otherwise
10 provided in the terms of the trust, property not required for the intended use must
11 be distributed to the settlor, if then living, otherwise to the settlor's successors in
12 interest.

13 SECTION 34. 701.0410 of the statutes is created to read:

14 **701.0410 Article IV, Section 410 - Modification or termination of trust;**
15 **proceedings for approval or disapproval.** (1) In addition to the methods of

16 termination prescribed by ss. 701.0411 through 701.0414, a trust terminates to the
17 extent the trust is revoked or expires pursuant to its terms, no purpose of the trust
18 remains to be achieved, or the purposes of the trust have become unlawful or
19 impossible to achieve.

2 proceeding to approve or disapprove a proposed modification or termination under
3 s. 701.0411 may be commenced by the settlor. The settlor of a charitable trust may
4 maintain a proceeding to modify the trust under s. 701.0413. A trustee has no
5 standing to oppose a proposed modification or termination commenced under s.
6 701.0411 (1).

7 (3) A trustee may not be compelled by a modification or termination under this
8 section, under ss. 701.0411 through 701.0416, or by any other statute or legal or
9 equitable doctrine to make distributions to or for any beneficiary of a trust for an
10 individual with a disability or to terminate the trust, during the lifetime of such
11 disabled individual. A court may modify the terms of a trust for an individual with
12 a disability with retroactive effect or reform the terms of such trust to achieve the
13 settlor's objective or, if because of circumstances not anticipated by the settlor, to
14 otherwise further the purposes of the trust so that it does not result in the disabled
15 individual's ineligibility for public assistance.

16 (4) Sections 701.0410 through 701.0418 are not applicable to a conversion of
17 a trust to a unitrust under s. 701.20 (4g). ✓

****NOTE: A Note to the drafter: in the next draft, s. 701.20 (4g) (current law) will need to be renumbered, not repealed.

4 (a) ^{By} An agent of the settlor under a power of attorney only to the extent expressly
5 authorized by the power of attorney or the terms of the trust.

6 (b) By the settlor's guardian with the approval of the court supervising the
7 guardianship if an agent is not so authorized.

8 (c) By the settlor's conservator with the approval of the court supervising the
9 conservatorship if an agent is not so authorized and a guardian has not been
10 appointed.

11 (2) (a) A noncharitable irrevocable trust may be terminated upon consent of all
12 of the beneficiaries if the court concludes that continuance of the trust is not
13 necessary to achieve any material purpose of the trust.

14 (b) A noncharitable irrevocable trust may be modified upon consent of all of the
15 beneficiaries if the court concludes that modification is not inconsistent with a
16 material purpose of the trust.

17 (3) (a) Except as provided in par. (b), a spendthrift provision in the terms of the
18 trust is not presumed to constitute a material purpose of the trust.

19 (b) A court may not compel a beneficiary to consent to a modification or
20 termination to satisfy a creditor of the beneficiary.

21 (4) Upon termination of a trust under sub. (1) or (2), the trustee shall distribute
22 the trust property as agreed by the beneficiaries.

23 (5) If not all of the beneficiaries consent to a proposed modification or
24 termination of the trust under sub. (1) or (2), the modification or termination may
25 be approved by the court if the court is satisfied that all of the following apply:

1 (a) If all of the beneficiaries had consented, the trust could have been modified
2 or terminated under this section.

3 (b) The interests of a beneficiary who does not consent will be adequately
4 protected.

5 (6) The settlor, if living and not under incapacity, shall receive notice of a

7 SECTION 36. 710.0412 of the statutes is created to read:

8 710.0412 Article IV, Section 412 - Modification or termination because
9 of unanticipated circumstances or inability to administer trust effectively.

10 (1) The court may modify the administrative or dispositive terms of a trust or
11 terminate the trust if, because of circumstances not anticipated by the settlor,
12 modification or termination will further the purposes of the trust. To the extent
13 practicable, the modification must be made in accordance with the settlor's probable
14 intention.

Insert 34-15

15 (2) The court may modify the administrative terms of a trust if continuation
16 of the trust on its existing terms would be impracticable or wasteful or impair the
17 trust's administration.

18 (3) Upon termination of a trust under this section, the trustee shall distribute
19 the trust property in a manner consistent with the purposes of the trust.

20 (4) The settlor, if living and not under incapacity, shall receive notice of a
21 proceeding under this section.

22 SECTION 37. 701.0413 of the statutes is created to read:

23 701.0413 Article IV, Section 413 - Cy pres. (1) Except as provided in sub.

24 (2), if a particular charitable purpose becomes unlawful, impracticable, impossible
25 to achieve, or wasteful, all of the following apply:

1 (a) The trust does not fail, in whole or in part.

2 (b) The trust property does not revert to the settlor or the settlor's successors
3 in interest.

4 (c) The court may apply cy pres to modify or terminate the trust by directing
5 that the trust property be applied or distributed, in whole or in part, in a manner
6 consistent with the settlor's charitable purposes. In determining the alternative
7 plan for disposition of the property under this paragraph, the court shall take into
8 account current and future community needs in the general field of charity within
9 which the original charitable purpose falls, other charitable interests of the settlor,
10 the amount of principal and income available under the trust, and other relevant
11 factors. A person with standing to enforce the terms of a charitable trust under s.
12 701.0405 has standing to commence a proceeding under this paragraph, and every
13 person with standing shall receive notice of a proceeding hereunder. The attorney
14 general is a necessary party in all proceedings under this paragraph.

15 (2) A provision in the terms of a charitable trust that would result in
16 distribution of the trust property to a noncharitable beneficiary prevails over the
17 power of the court under sub. (1) to apply cy pres to modify or terminate the trust only
18 if, when the provision takes effect, the trust property is to revert to the settlor and
19 the settlor is still living.

20 (3) The purpose of this subsection is to broaden the power of the courts to make
21 charitable gifts more effective. In any situation not expressly covered the court shall
22 liberally apply the cy pres doctrine.

****NOTE: This subsection (3) indicates that "The purpose of this subsection is to broaden the power of the courts" and "in any situation not expressly covered the court shall liberally apply the cy pres doctrine." I believe the word "subsection" is not appropriate, as there are no situations expressed or covered in this sub. (3). Should it, instead read "The purpose of this section [701.0413] is to broaden the power of the

courts...”? If so, might I suggest that this purpose statement be moved to sub. (1) of this section?

1 (4) The settlor, if living and not under incapacity, shall receive notice of a
2 proceeding under this section.

3 SECTION 38. 701.0414 of the statutes is created to read:

4 701.0414 Article IV, Section 414 - Modification or termination of
5 uneconomic trust. (1) In this section:

6 (a) "Adjustment reference number" means the consumer price index for all
7 urban consumers, as published by the United States bureau of labor statistics, in
8 effect on January 1 of the year in which an adjustment is to be made in accordance
9 with sub. (3).

10 (b) "Base reference number" means the consumer price index for all urban
11 consumers, ^spublished by the United States bureau of labor statistics, in effect on
12 January 1 of the base year.

13 (c) "Base year" means the year ²⁰¹² in which this paragraph takes effect [LRB
14 inserts effective date].

15 (2) Except as provided in sub. (6), after notice to the qualified beneficiaries, the
16 trustee of a trust consisting of trust property having a total value less than \$100,000
17 or a revised applicable figure, as determined under sub. (3), may terminate the trust
18 if the trustee concludes that the value of the trust property is insufficient to justify
19 the cost of administration.

20 (3) The ~~total value under~~ ^{e dollar amount specified in} sub. (2) shall be adjusted to a revised applicable figure
21 on the ⁵fifth anniversary of the effective date of this subsection. [LRB inserts date],
22 and every ⁵five years thereafter. The revised applicable figure shall be determined
23 as follows:

5th
Δ...Δ

1 (a) Calculate the percentage change between the base reference number and
2 the adjustment reference number for the year in which the adjustment is being
3 made.

4 (b) 1. If the percent^{age}/~~change~~ determined in par. (a) is a positive number,
5 determine the revised applicable figure as follows: percentage change

6 a. Multiply \$100,000 by the amount determined in par. (a), expressed as a
7 decimal.

8 b. Add the product of under subd. 1. a. to \$100,000. expressed as a decimal

9 2. If the percent^{age}/~~change~~ determined in par. (a) is a negative number, determine
10 the revised applicable figure as follows: the percentage change

11 a. Multiply \$100,000 by the absolute value of amount determined in par. (a).

12 b. Subtract the product of under subd. 2. a. from \$100,000.

13 (4) Except as provided in sub. (6), the court may modify or terminate a trust
14 or remove the trustee and appoint a different trustee if it determines that the value
15 of the trust property is insufficient to justify the cost of administration even if the
16 trust property has a total value in excess of the amount described in sub. (2).

17 (5) Upon termination of a trust under this section, the trustee shall distribute
18 the trust property in a manner consistent with the purposes of the trust.

19 (6) This section does not apply to an easement for conservation or preservation.

20 (7) The settlor, if living and not under incapacity, shall receive notice of a
21 proceeding under this section.

***NOTE: I modified this section to establish a specific subsection for definitions and, per LRB drafting conventions, to establish formulae for calculating the "revised applicable figure." Please review this section carefully to ensure it accomplishes your intent.

22 SECTION 39. 701.0415 of the statutes is created to read:

1 **701.0415 Article IV, Section 415 - Reformation to correct mistakes.** The
2 court may reform the terms of a trust, even if unambiguous, to conform the terms to
3 the settlor's intent if it is proved by clear and convincing evidence that both the
4 settlor's intent and the terms of the trust were affected by a mistake of fact or law,
5 whether in expression or inducement. The settlor, if living and not under incapacity,
6 shall receive notice of a proceeding under this section.

7 **SECTION 40.** 701.0416 of the statutes is created to read:

8 **701.0416 Article IV, Section 416 - Modification to achieve settlor's tax**
9 **objectives.** To achieve the settlor's tax objectives, the court may modify the terms
10 of a trust in a manner that is not contrary to the settlor's probable intent. The court
11 may provide that the modification has retroactive effect. The settlor, if living and not
12 under incapacity, shall receive notice of a proceeding under this section.

13 **SECTION 41.** 701.0417 of the statutes is created to read:

14 **701.0417 Article IV, Section 417 - Combination and division of trusts.**

15 **(1)** After notice to the qualified beneficiaries, a trustee may do any of the following
16 if the result does not impair rights of any beneficiary or adversely affect achievement
17 of any trust purposes:

- 18 (a) Combine two or more trusts into a single trust.
- 19 (b) Divide a trust into two or more separate trusts.

20 **(2)** Subject to the terms of the trust, the trustee may take into consideration
21 differences in federal tax attributes and other pertinent factors in administering the
22 trust property of any separate account or trust, in making applicable tax elections,
23 and in making distributions. A separate trust created by severance under sub. (1)
24 (b) must be treated as a separate trust for all purposes from the date on which the

2

1 severance is effective. The effective date of the severance may be retroactive to a date
2 before the date on which the trustee exercises such power.

3 (3) If a trustee combines two or more trusts into a single trust, the trustee shall
4 identify which trust is deemed to be the surviving trust.

5 SECTION 42. 701.0418 of the statutes is created to read:

6 701.0418 Article IV, Section 418 - Trustee's power to appoint assets to
7 new trust. (1) DEFINITIONS. In this section:

8 (a) "Absolute power" means a power to invade trust assets for the benefit of one
9 or more beneficiaries that is not limited to specific or ascertainable purposes, such
10 as health, education, maintenance, and support, whether or not the term "absolute"
11 is used. "Absolute power" includes a power to invade principal for purposes such as
12 best interests, welfare, comfort, or happiness.

13 (b) "First trust" means the trust whose principal is appointed pursuant to the
14 power granted under sub. (2).

15 (c) "Second trust" means the trust or trusts to which principal is appointed
16 under sub. (2).

17 (d) "Standard," when used with reference to the basis upon which a decision
18 is made by a trustee to invade income or principal, means authority other than
19 absolute power.

****NOTE: This definition for "standard" uses the phrase, "authority other than absolute power [to invade...]", whereas the definition for "absolute power" uses the phrase "a power to invade..." For consistency's sake, may I substitute "power" in the definition for "standard" so that it would read as follows: "Standard . . . means power other than absolute power [to invade...]"?

20 (2) POWER TO APPOINT. Except as otherwise provided in this section, a trustee
21 who has the power under the terms of the first trust to invade the principal of the first
22 trust for the benefit of a beneficiary who is eligible for or entitled to the income of the

Insert 39-15

1 first trust or entitled to an annuity or unitrust payment from the first trust, whether
 2 or not the trustee has absolute power to invade principal and whether or not there
 3 is a current need to invade principal under the terms of the first trust, may exercise
 4 such power by appointing part or all of the assets of the first trust in favor of a trustee
 5 of a second trust under a trust instrument the same as or other than that governing
 6 the first trust if the exercise of such power satisfies all of the following:

****NOTE: This subsection begins "Except as otherwise provided in this section..."
 Is there a way to narrow down where the exceptions to this subsection occur? I note, for
 example, that sub. (6) (f) is an exception. Are there any others? If not, it may be clearer
 for the reader if this subsection opened with "Except as provided in sub. (6) (f), ..."

****NOTE: What is a unitrust payment?

7 (a) Does not reduce any fixed income, annuity, or unitrust interest of a
 8 beneficiary.

****NOTE: What is a unitrust interest?

9 (b) ~~Except as provided in sub. (4) (j) and (k),~~ results in the trustee of the second
 10 trust having the power to invade the income or principal of the second trust under
 11 a standard that is no less restrictive than the standard set forth in the first trust.

12 (c) 1. Except as provided in subd. 2., is in favor of the beneficiaries of the first
 13 trust.

14 2. Subject to par. (a), if the power to invade principal of the first trust grants
 15 the trustee absolute power and the trustee has full discretion to determine who
 16 among a class of beneficiaries may receive distributions, the beneficiaries of the
 17 second trust may include less than all of the beneficiaries of the first trust.

****NOTE: This subdivision reads "[I]f the power to invade principal of the first trust
 grants the trustee absolute power..." How can "the power to invade principal" grant
 anything? Wouldn't it be the trust instrument that grants absolute power? Could this
 be re-written to read: [I]f the first trust grants the trustee absolute power and the trustee
 has full discretion. . .?"

18 (3) LIMITATIONS ON EXERCISE OF POWER. The power under sub. (2) may not be
 19 exercised by a trustee if any of the following apply:

This paragraph does not apply to a term of a 2nd trust described under sub. (4)(a) 10 or 11

2 such power by specific reference to this section or by reference to the term "decanting"
3 or words of similar import.

****NOTE: What does "decanting" mean in this paragraph? Without a definition for
decanting, it is difficult to know what "words of similar import" would be or what that
phrase means.

4 (b) Any contribution to the first trust qualified for a marital or charitable

8 have reduced the amount of such deduction.

9 (c) 1. a. Except as provided in subd. 2., and subject to subd. 1. b., the trustee
10 has a beneficial interest in the first trust.

11 b. The disqualification of a trustee under subd. 1. a. shall not preclude the
12 power under sub. (2) from being exercised by a co-trustee or co-trustees even where
13 the terms of the first trust, applicable law, or other circumstances would otherwise

18 (d) Where the exercise of such power would impair the withdrawal rights of a
19 beneficiary of the first trust where such withdrawal rights were granted to such

(1) would prevent additions to the second trust from qualifying for the gift tax annual
2 exclusion if the terms of the first trust would allow additions to so qualify.

****NOTE: What is "the gift tax annual exclusion"? I think there needs to be a
reference to state or federal (or both?) law here.

3 (e) Where the exercise of such power would violate any perpetuities period
4 governing the first trust or impair a trustee's power of alienation with respect to trust
5 assets.

****NOTE: What is a "perpetuities period"? Should this be defined?

****NOTE: What is the trustee's "power of alienation"?

6 (f) Where the assets of the first trust are subject to a presently exercisable
7 power of withdrawal held by a trust beneficiary who is the only trust beneficiary to

9 (g) Where the exercise of such power would impair the essential purpose of a

(11) (4) PERMISSIBLE TERMS OF SECOND TRUST. (a) Except as provided in par. (b), the
(12) trust instrument of the second trust may provide for terms intended to achieve
13 purposes including the following:

2nd

****NOTE: The intro to this list of additional purposes is awkward. I eliminated the
parenthetical material indicating that the list is not exclusive; the use of the phrase
"including the following purposes" is expansive, not restrictive, and will accomplish what
the parenthetical material was intended to accomplish. However, I'm not sure I
understand why the intro. reads "the trust instrument of the second trust may provide
for terms intended to achieve purposes including the following:?" Could the intro., simply
read "the trust instrument of the second trust may include terms intended to achieve
purposes including the following:?"

- 14 1. Correct a drafting error.
- 15 2. Clarify potentially ambiguous terms of the first trust.
- 16 3. Change the age of distribution to a beneficiary.
- 17 4. Extend the trust's duration.
- 18 5. Make distributions of income mandatory rather than discretionary.

1 6. In the case of a first trust over which the trustee has absolute power with
2 respect to invasion of income or principal, add standards governing invasion of
3 income or principal.

4 7. Grant general or special powers of appointment.

 ****NOTE: What is a power of appointment? How is a "special power" different than
 a "general power" of appointment?

5 8. Include as beneficiaries one or more persons who are or will become members
6 of a class described in the first trust.

7 9. Add provisions to protect the interests of one or more beneficiaries, including
8 provisions to protect beneficiaries from self-destructive behavior.

9 10. Change the terms of the trust applicable to a beneficiary who is an
10 individual with a disability, regardless of whether the first trust includes standards
11 for distribution, where the purpose of such change is to allow such beneficiary to
12 qualify or continue to be qualified to receive benefits under a government program.

13 11. Provide for transfer of trust assets to a community trust. In this
14 subdivision, "community trust" means a master trust that is established and
15 managed by a nonprofit organization that maintains sub-accounts for individual
16 beneficiaries that meet the definition of a trust for an individual with a disability.

 ****NOTE: I don't know that this an adequate definition for "community trust".
 What does "master trust" mean? What are "sub-accounts"? Must the sub-accounts
 "meet the definition of a trust for an individual with a disability"? Perhaps "separate
 accounts for individual beneficiaries" or "individual accounts for individual beneficiaries"
 would be more clear? Or are all of the resources pooled such that only individual
 accounting is maintained for individual beneficiaries? Should "nonprofit organization"
 be defined with reference to the internal revenue code? That is, does nonprofit
 organization necessarily mean tax-exempt?

17 12. Modify investment provisions, including those relating to permissible
18 investments, use of investment advisors, directed trust property, or self-dealing
19 transactions.

term in the second trust must abstain from the consideration of and the adoption of
such term, and such term may be considered and adopted only by such other trustees
of the first trust who would not benefit from such term.

1 (5) PROCEDURAL MATTERS. (a) A trustee's exercise of a power to invade principal
2 under sub. (2) shall be by an instrument in writing, signed and acknowledged by the
3 trustee, and filed with the records of the first trust.

4 (b) The trustee shall give notice to all qualified beneficiaries of the first trust
5 at least 30 days prior to the effective date of the trustee's exercise of the trustee's
6 power to invade principal pursuant to sub. (2) of the manner in which the trustee
7 intends to exercise the power. A copy of the proposed instrument exercising the
8 power shall satisfy the trustee's notice obligation under this paragraph. If all
9 qualified beneficiaries waive the notice period by signed written instrument
10 delivered to the trustee, the trustee's power to invade principal shall be exercisable
11 immediately, but waiver of the notice period shall not constitute consent to the
12 exercise of the power by a beneficiary waiving notice. The trustee's notice under this
13 paragraph shall not limit the right of any beneficiary to object to the exercise of the
14 trustee's power to invade principal except as provided in other applicable provisions
15 of this chapter.

****NOTE: The last sentence of this paragraph ends "except as provided in other applicable provisions of this chapter." I have two questions: 1) Instead of "provided", could this phrase read "except as permitted in other applicable provisions..."? 2) Is the word "applicable" necessary? This paragraph can't make a separate provision applicable when it isn't already applicable, can it?

16 (c) 1. The trustee may, at the trustee's option, petition a court to approve a
17 proposed exercise of the power under sub. (2) by giving notice to all qualified
18 beneficiaries of the first trust. Such notice shall include the proposed effective date
19 of the exercise of the power and the manner in which the trustee intends to exercise
20 the power. A copy of the proposed instrument exercising the power, including the
21 effective date, shall satisfy the trustee's notice obligation under this paragraph.

****NOTE: The manner in which the first sentence of this paragraph is written authorizes the trustee to "petition the court . . . by giving notice to all qualified

beneficiaries..." when, I believe, what is intended is for the trustee to give notice to all beneficiaries if the trustee chooses to petition the court to approve a proposed exercise of the power under sub. (2). Correct? If so, I will restructure the sentence.

****NOTE: Also, is the procedure under this par. (c) in lieu of or in addition to the procedure under par. (b)? If in lieu of, I think the paragraph should say that.

****NOTE: Finally, I renumbered the last several paragraphs of this subsection (relating to the petition) into subdivisions of paragraph (c), and broke some of the subdivisions into smaller, more discrete concepts. Let me know if any of these changes are problematic.

- 1 2. In determining whether to grant or deny a petition under subd. 1., the court
- 2 shall consider the following factors:
- 3 a. The purpose of the proposed exercise of the power under sub. (2).
- 4 b. If applicable, the reasons for any objection made by a beneficiary.
- 5 c. Any changes in circumstances occurring since the creation of the first trust.
- 6 d. The probable intent of the settlor in creating the first trust and whether the
- 7 proposed exercise of the power under sub. (2) will further such intent.

****NOTE: In some places in this proposed s. 701.418, the phrase "power under sub. (2)" is used, and in other places the phrase "power to invade principal under sub. (2)" is used. Should one phrase be used to avoid confusion (that, for example, there are two types of power that may be exercised - one to invade principal and one other power...) or for the sake of consistency? Or are there, in fact, different types of power that may be exercised under sub. (2)?

****NOTE: I placed this subdivision in active tense (previously, the sentence read "The determination of the court to grant or deny the petition in whole or in part shall be a matter of discretion with the court."). Okay?

1 6. The settlor, if living, shall receive notice of the proposed exercise of the power
2 under sub. (2) and of a petition filed under subd. 1.

3 **(6) MISCELLANEOUS PROVISIONS.** (a) This section applies to a trust governed by
4 the laws of this state, including a trust whose situs is transferred to this state.

5 (b) The exercise of the power under sub. (2) is deemed to be the exercise of a
6 special, as opposed to a general, power of appointment.

 ****NOTE: Is it necessary to retain the phrase "as opposed to a general" in this paragraph? I'm not sure it adds anything. Is "special power of appointment" a term of art? If the power of appointment is identified by the word "special", can it simultaneously be anything but special? That is, are "special" powers of appointment and "general" powers of appointment not mutually exclusive?

7 (c) The power under sub. (2) may be exercised even though the first trust
8 includes a spendthrift clause or a provision that prohibits amendment or revocation
9 of the trust.

 ****NOTE: Should "power" here be followed by "to invade principal"?

10 (d) Nothing in this section is intended to create or imply a duty to exercise the
11 power under sub. (2), and no inference of impropriety shall be made as a result of a
12 trustee not exercising the power under sub. (2).

 ****NOTE: This paragraph is written in the passive tense. May I re-write this paragraph to read "This section does not create or imply a duty to exercise the power under sub. (2) and a trustee that does not exercise the power under sub. (2) shall not be inferred to have acted with impropriety." As written, it could be subject to a more "squishy" interpretation (that is, although it was not intended to imply a duty, one was nevertheless created...).

13 (e) This section shall not be construed to abridge the right of any trustee who
14 has a power of invasion to appoint property in further trust that arises under the
15 terms of the first trust or under any other section of this subchapter or under another
16 provision of law or under common law.

 ****NOTE: I eliminated "The provisions of" from the beginning of this paragraph. Is it necessary to use the phrase "be construed to"? That is, could the sentence read "This section shall not abridge the rights of any trustee...?"

****NOTE: This paragraph first introduces the phrase "power of invasion." Is this power different than powers described elsewhere in this section? Does it need to be defined?

****NOTE: What does "further trust" mean?

(f) Subsection (2) shall not apply to trusts described in s. 445.125.

(g) The appointment of all of the assets comprising the principal of the first trust in favor of the second trust shall be deemed to include subsequently discovered assets otherwise belonging to the first trust and undistributed principal paid to or acquired by the first trust subsequent to the appointment in favor of the second trust.

****NOTE: This paragraph first introduces the concept of appointment of assets; when does an appointment of assets take place?

(h) The appointment of part but not all of the assets comprising the principal of the first trust in favor of the second trust shall not include subsequently discovered assets belonging to the first trust and principal paid to or acquired by the first trust subsequent to the appointment in favor of the second trust. Such assets shall remain the assets of the first trust.

(i) If the beneficiaries of the first trust are defined, in whole or in part, as a class of persons, for purposes of this section such class shall include any person who falls within the class of persons after the distribution to the second trust.

****NOTE: Please confirm that "this section", as used in this par. (i), refers to the entire section 701.0418.

(j) In exercising the power granted under this section, the trustees shall consider the settlor's probable intent.

****NOTE: Please confirm that "this section", as used in this par. (j), refers to the entire section 701.0418.

(k) No trustee exercising the power under sub. (2) shall be liable to any beneficiary unless such beneficiary can prove that the trustee, in exercising the power, did not act in good faith.
