Hello,

Tim would like an amendment drafted to the sub amendment to AB 169 relating to: the consumption of alcohol beverages on commercial quadricycles and providing a penalty.

Tim would like an amendment drafted to the bill that would make it clear that municipalities have the ability to regulate quadricycle businesses if the bill is enacted.

As explained to us by Leg. Council attorney David Moore, AB 169 could be interpreted to limit/deny a municipality the ability to enact local ordinances regarding the general regulation of quadricycle businesses, should the municipality allow quadricycle businesses to operate. (Mr. Moore is drafting a memo on this, feel free to contact him.)

There is a concern that a municipality might be precluded from enacting restrictions on, for example, routes the quadricycles might be limited to, the qualifications of the vehicle's driver (such as being a bartender), the times of day or night that the vehicle could operate, noise levels, etc. The amendment is to ensure that a municipality has the ability to regulate this.

If you have any questions or comments, please feel free to email me, or give me a call in the morning.

Thank you very much!

Regards,

G. Stuart Ewy
