2013 BILL

today

request

1 AN ACT *to repeal* 165.828 of the statutes; **relating to:** transaction information
2 for management of enforcement system (suggested as remedial legislation by
3 the Department of Justice)

Analysis by the Legislative Reference Bureau

Under current law, the Department of Justice (DOJ) administers the transaction information for management of enforcement system (TIME system), which provides access to information regarding law enforcement to tribal law enforcement agencies and other law enforcement agencies. Current law requires DOJ to submit to the Joint Committee on Finance (JCF) a resource allocation plan that sets limits and priorities for access to the TIME system if the average daily message volume for any three-month period exceeds 100,000.

This bill eliminates the requirement that DOJ submit a plan to JCF.

For further information, see the NOTES provided by the Law Revision Committee of the Joint Legislative Council.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

LAW REVISION COMMITTEE PREFATORY NOTE: This bill is a remedial legislation proposal, requested by the Department of Justice and introduced by the Law Revision Committee under s. 13.83 (1) (c) 4. and 5., stats. After careful consideration of the various provisions of the bill, the Law Revision Committee has determined that this bill makes
