

ENGROSSED 2013 ASSEMBLY BILL 452

1 **AN ACT** *to create* 20.435 (5) (bw) and 51.442 of the statutes; **relating to:** child
2 psychiatry consultation program and making an appropriation.

Analysis by the Legislative Reference Bureau

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

3 **SECTION 1.** 20.005 (3) (schedule) of the statutes: at the appropriate place, insert
4 the following amounts for the purposes indicated:

5 **2013-14** **2014-15**

6 **20.435 Health services, department of**

7 (5) **MENTAL HEALTH AND SUBSTANCE ABUSE SERVICES**

8 (bw) **Child psychiatry consultation**

9 **program** **GPR B 500,000 500,000**

ENGROSSED ASSEMBLY BILL 452**SECTION 2**

1 **SECTION 2.** 20.435 (5) (bw) of the statutes is created to read:

2 20.435 (5) (bw) *Child psychiatry consultation program.* Biennially, the
3 amounts in the schedule for operating the child psychiatry consultation program
4 under s. 51.442.

5 **SECTION 4.** 51.442 of the statutes is created to read:

6 **51.442 Child psychiatry consultation program.** (1) In this section,
7 “participating clinicians” include pediatricians, family physicians, nurse
8 practitioners, and physician assistants.

9 (2) The department shall create and administer a child psychiatry consultation
10 program to assist participating clinicians in providing enhanced care to pediatric
11 patients with mental health care needs, to provide referral support for pediatric
12 patients, and to provide additional services described in this section. The
13 consultation program created under this section is not an emergency referral service.

14 (3) (a) In the period before January 1, 2015, the department shall review
15 proposals submitted by organizations seeking to provide consultation services
16 through the consultation program under this section and shall designate regional
17 program hubs, in a number determined by the department, based on the submitted
18 proposals. The department shall select and provide moneys to organizations to
19 provide consultation services through the consultation program in a manner that
20 maximizes medically appropriate access and services as described under sub. (4).

21 (b) Beginning on January 1, 2016, the department shall create any additional
22 regional program hubs in order to provide consultation services statewide.

23 (4) The department shall select qualified organizations to provide consultation
24 program services through the regional hubs. Each regional hub shall make available
25 its own qualified provider or consortium of providers. To be a qualified provider in

ENGROSSED ASSEMBLY BILL 452

1 the program under this section, an organization shall successfully demonstrate it
2 meets all of the following criteria:

3 (a) The organization has the required infrastructure to be located within the
4 geographic service area of the proposed regional hub.

5 (b) Any individual who would be providing consulting services through the
6 program is located in this state.

7 (c) The organization enters into a contract with the department agreeing to
8 satisfy all of the following criteria as a condition of providing services through the
9 consultation program:

10 1. The organization has at the time of participation in the program a
11 psychiatrist, who is either eligible for certification or certified by the American Board
12 of Psychiatry and Neurology, Inc., for either adult psychiatry or child and adolescent
13 psychiatry or both, and has and maintains additional staff as specified by the
14 department.

15 2. The organization operates during the normal business hours of Monday to
16 Friday between 8 a.m. and 5 p.m., excluding weekends and holidays.

17 3. The organization shall be able to provide consultation services as promptly
18 as is practicable.

19 4. The organization shall provide all of the following services:

20 a. Support for participating clinicians to assist in the management of children
21 and adolescents with mental health problems and to provide referral support for
22 pediatric patients.

23 b. A triage-level assessment to determine the most appropriate response to
24 each request, including appropriate referrals to other mental health professionals.

25 c. When medically appropriate, diagnostic and therapeutic feedback.

ENGROSSED ASSEMBLY BILL 452**SECTION 4**

1 d. Recruitment of other practices in the regional hub's service territory to the
2 provider's services.

3 5. The organization shall have the capability to provide consultation services
4 by telephone, at a minimum.

5 **(5)** (a) An organization providing consultation services through the
6 consultation program under this section may provide services by teleconference,
7 video conference, voice over Internet protocol, electronic mail, pager, or in-person
8 conference.

9 (b) The organization providing consultation services through the consultation
10 program under this section may provide any of the following services, which are
11 eligible for funding from the department:

12 1. Second opinion diagnostic and medication management evaluations
13 conducted either by a psychiatrist or by a social worker or psychologist, or a
14 registered nurse with psychiatric training, either by in-person conference or by
15 teleconference, video conference, or voice over Internet protocol.

16 2. In-person or Internet site-based educational seminars and refresher
17 courses provided to any participating clinician who uses the consultation program
18 on a medically appropriate topic within child psychiatry.

19 **(6)** An organization that provides consultation services through the
20 consultation program under this section shall report to the department any
21 information as requested by the department.

22 **(7)** (a) The department shall conduct annual surveys of participating clinicians
23 who use the consultation program under this section to assess the amount of
24 pediatric mental health care provided, self-perceived levels of confidence in

ENGROSSED ASSEMBLY BILL 452

1 providing pediatric mental health services, and the satisfaction with the
2 consultations and the educational opportunities provided.

3 (b) Immediately after a clinical practice group begins using the consultation
4 program under this section and again 6 to 12 months later, the department shall
5 conduct an interview of participating clinicians from that practice group to assess the
6 barriers to and benefits of participation to make future improvements and to
7 determine the participating clinician's treatment abilities, confidence, and
8 awareness of relevant resources before and after using the consultation program.

9

(END)
