ASSEMBLY SUBSTITUTE AMENDMENT 1,
TO ASSEMBLY BILL 459

November 1, 2013 – Offered by Representative SANFELIPPO.

1 **AN ACT** *to repeal* 20.435 (5) (ag) and 20.435 (5) (br); and *to create* 20.435 (5) (ag),
2 20.435 (5) (br) and 46.545 of the statutes; **relating to:** individual placement
3 and support program for employment of individuals experiencing mental
4 illness and making an appropriation.

Analysis by the Legislative Reference Bureau

This substitute amendment requires the Department of Health Services (DHS) to create five regional centers for individual placement and support (IPS) for employment of individuals experiencing mental illness. DHS must ensure that each of the state's counties is served by one of the regional centers. DHS is allowed to contract with existing organizations or consortiums to create a regional center. Under the substitute amendment, DHS must ensure that each regional center has access to the services of an IPS trainer or mentor and an IPS supervisor, who are each responsible for the duties required by an evidence-based IPS model of supported employment. DHS and the regional centers must provide or arrange for work incentive benefits counseling for individuals who are not receiving vocational rehabilitation services from the Department of Workforce Development. DHS must also seek any approval from the federal Department of Health and Human Services necessary to obtain federal Medicaid matching funds, if such funds are available.

DHS is required to award grants to counties or tribal unit programs or employment sites that are implementing IPS services or regional centers for certain

activities. Grant applicants are required to identify future funding sources in the grant application. The substitute amendment appropriates moneys for program operations and for the grants and counseling services for the 2013–2015 biennium only and specifies the allocation for the moneys.

For further information see the *state* fiscal estimate, which will be printed as an appendix to this bill.
