Hi Aaron,

The latter option please. Draft to the SA1, and specify that all money is for pothole repair and water main breaks. Thank you very much. Any questions let us know.

Thanks!

Stuart,

The bill appropriates approximately \$43 million to DOT for various purposes, but mostly state highway projects.

The joint finance committee (JFC) approved SA1, 16-0, that provides an additional one-time supplement of \$17 million in local highway aid to be used for highway repairs associated with damages resulting from the 2013-14 winter.

Do you want me to ignore SA1 and draft a new amendment that puts all of the \$43 million (or \$60 million, if the you combine the two) into pot hole repair? If so, I need to do a sub because I cannot delete all of the lines of a bill with a simple amendment (which is what would happen). Or do you want an amendment to SA1 (I'm assuming SA1 will be adopted) increasing the amount to \$43 M instead of \$17 M (and decreasing the amount in the bill by the corresponding amount, a bit more than \$26 M) and specifying that the money is for pot hole repair?

Thanks. Aaron

Hi Aaron,

It looks like you are the author of AB 704 which is scheduled for a vote in the senate on Tuesday.

Can you please have an amendment drafted that would require all funds under this bill be used for local road aids for pothole repair?

If you are not the correct person to draft this, can you please send this to the appropriate drafter?

If you have any questions or comments, please let me know

Thank you very much,

Regards,
