1 AN ACT relating to: affecting various provisions of the statutes to make
2 corrections and reconcile conflicts (Corrections Bill).

Analysis by the Legislative Reference Bureau

This correction bill was prepared by the Legislative Reference Bureau under s. 13.92 (1) (bm) 1. and 2. and (2) (i) and (L), stats. Specific changes are explained in the NOTES in the body of the bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

3 SECTION 1. 5.05 (10) of the statutes is amended to read:
4 5.05 (10) STATE ELECTION ADMINISTRATION PLAN. With the assistance of the
5 election administration council and approval of the joint committee on finance as
6 provided in this subsection, the board shall adopt and modify as necessary a state
7 plan that meets the requirements of P.L. 107-252 to enable participation by this
8 state in federal financial assistance programs authorized under that law. The board

1 shall adopt the plan and any modifications only after publishing a class I 1 notice
 2 under ch. 985 or posting on the Internet a statement describing the proposed plan
 3 or modification and receiving public comment thereon. After approval of the
 4 proposed plan or any modification of the plan by the board, the board shall submit
 5 the proposed plan or modification to the joint committee on finance for the approval
 6 of the committee. The board may adopt the proposed plan or modification only if the
 7 committee approves the proposed plan or modification.

NOTE: Conforms text to ch. 985.

8 **SECTION 2.** 6.45 (1) of the statutes is amended to read:

9 6.45 (1) After the deadline for revision of the registration list, the municipal
 10 clerk shall make copies of the list for election use. ~~The registration list and any~~
 11 ~~supplemental lists which are prepared at polling places or other registration~~
 12 ~~locations under s. 6.55, shall be open to public inspection. Under the regulations~~
 13 ~~prescribed by the municipal clerk, any person may copy the registration list at the~~
 14 ~~office of the clerk. A registration list maintained at a polling place may be examined~~
 15 ~~by any person who is observing the proceedings under s. 7.41 when such use does not~~
 16 ~~interfere with the conduct of the election.~~

NOTE: 1999 Wis. Act 49 divided the then existing sub. (1) into subs. (1) and (1m), leaving only
 the 1st sentence above in sub. (1). As the result of an error in transcribing 1999 Wis. Act 49, the stricken
 text incorrectly repeats the language of sub. (1m) and is removed.

12 **SECTION 9.** The treatment of 16.505 (1) (intro.) of the statutes by 2011
13 Wisconsin Act 10 is not repealed by 2011 Wisconsin Act 32. Both treatments stand.

NOTE: There is no conflict of substance. As merged by the legislative reference bureau, s. 16.505 (1) (intro.) reads:

(1) Except as provided in subs. (2), (2g), (2j), (2m), and (2p), no position, as defined in s. 230.03 (11), regardless of funding source or type, may be created or abolished unless authorized by one of the following:

4 of agency energy consuming equipment being purchased and the purchase will cost
5 more than \$5,000 per unit the department, any other designated purchasing agent
6 under s. 16.71 (1), any agency making purchases under s. 16.74, and any authority
7 may not purchase that type of energy consuming equipment unless the specifications
8 for the equipment meet the applicable standards. If there is an applicable standard
9 under s. 16.855 (10s) (a), but the energy consuming equipment meeting that
10 standard is not reasonably available, the department, purchasing agent, agency, or
11 authority shall ensure, for purchases over \$5,000 per unit, that the energy
12 consuming equipment that is purchased maximizes energy efficiency to the extent
13 technically and economically feasible. The department, purchasing agent, agency,
14 or authority shall not determine that energy consuming equipment that meets the
15 applicable standard under s. 16.855 (10s) (a) either is not reasonably available on the
16 basis of cost alone or is not cost-effective unless the difference in the cost of the
17 purchase and installation of the equipment that meets the standard and the
18 equipment that would otherwise be installed is greater than the difference in the cost
19 of operating the equipment that meets the standard and the equipment that would
20 otherwise be installed over the anticipated life of the equipment.

3 state in the construction and acquisition of new buildings or improvements and
4 additions to existing buildings as contemplated under ss. 13.488, 36.09, and 36.11,
5 except work to be performed for the University of Wisconsin System with respect to
6 a building, structure, or facility involving a cost of less than \$500,000 that is funded

18 of and supervise engineering or architectural services or construction work, as
19 defined in s. 16.87 (1) (a), performed by, or for, the district for compensation to be
20 agreed upon between the department and the district. In connection with such
21 services or work, the department may furnish engineering, architectural, project
22 management and other building construction services whenever requisitions
23 therefor are presented to the department by the district. If the district has entered

1 into a lease agreement with the department under s. 16.82 (7), the department may
2 also assist the district, upon request of the district, in letting contracts for
3 engineering, architectural or construction work authorized by law and in
4 supervising the work done thereunder. The department may award any such
5 contract for any combination or division of work it designates and may consider any
6 factors in awarding a contract including price, time for completion of work and the
7 qualifications and past performance of a contractor. In awarding contracts under
8 this section for the construction of baseball park facilities, as defined in s. 229.65 (1),
9 the department shall ensure that any person who is awarded a contract agrees, as

11 least 25% of the employees hired because of the contract will be minority group
12 members and at least 5% of the employees hired because of the contract will be

V of ch. 111 of any eligible employee shall, at the time of death, upon qualifying for an immediate annuity or for a lump sum payment under s. 40.25 (1) or upon termination of creditable service and qualifying as an eligible employee under s. 40.02 (25) (b) 6. or 10., be converted, at the employee's highest basic pay rate he or she received while employed by the state, to credits for payment of health insurance premiums on behalf of the employee or the employee's surviving insured dependents. Any supplemental compensation that is paid to a state employee who is classified under the state classified civil service as a teacher, teacher supervisor, or education director for the employee's completion of educational courses that have been approved by the employee's employer is considered as part of the employee's basic pay for purposes of this paragraph. The full premium for any eligible employee who is insured at the time of retirement, or for the surviving insured dependents of an eligible employee who is deceased, shall be deducted from the credits until the credits are exhausted and paid from the account under s. 40.04 (10), and then deducted from annuity payments, if the annuity is sufficient. The department shall provide for the direct payment of premiums by the insured to the insurer if the premium to be withheld exceeds the annuity payment. Upon conversion of an employee's unused sick leave to credits under this paragraph or par. (bf), the employee or, if the employee is deceased, the employee's surviving insured dependents may initiate deductions from those credits or may elect to delay initiation of deductions from those credits, but only if the employee or surviving insured dependents are covered by a comparable health insurance plan or policy during the period beginning on the date of the conversion and ending on the date on which the employee or surviving insured

dependents later elect to initiate deductions from those credits. If an employee or an employee's surviving insured dependents elect to delay initiation of deductions from those credits, an employee or the employee's surviving insured dependents may only later elect to initiate deductions from those credits during the annual enrollment period under par. (be). A health insurance plan or policy is considered comparable if it provides hospital and medical benefits that are substantially equivalent to the standard health insurance plan established under s. 40.52 (1).

19 ✓ SECTION 38. 111.70 (4) (cg) 6. am. of the statutes, as created by 2011 Wisconsin
20 Act 32, is amended to read:

1 111.70 (4) (cg) 6. am. Upon receipt of a petition under subd. 6. a. to initiate
2 arbitration, the commission shall determine, with or without a formal hearing,
3 whether arbitration should be commenced. If in determining whether an impasse
4 exists the commission finds that the procedures under this paragraph have not been
5 complied with and compliance would tend to result in a settlement, it may order
6 compliance before ordering arbitration. The validity of any arbitration award or
7 collective bargaining agreement is not affected by failure to comply with the
8 procedures. Prior to the close of the investigation each party shall submit in writing
9 to the commission its single final offer containing its final proposals on all issues in
10 dispute that are subject to interest arbitration under this subdivision. If a party fails
11 to submit a single, ultimate final offer, the commission shall use the last written
12 position of the party. Such final offers may include only mandatory subjects of
13 bargaining, except that a permissive subject of bargaining may be included by a
14 party if the other party does not object and is then treated as a mandatory subject.
15 At that time, the parties shall submit to the commission a stipulation, in writing,
16 with respect to all matters that they agree to include in the new or amended collective
17 bargaining agreement. The commission, after determining that arbitration should
18 be commenced, shall issue an order requiring arbitration and immediately submit
19 to the parties a list of 7 arbitrators. The parties shall alternately strike names from
20 the list until one name is left and that person shall be appointed arbitrator. The
21 petitioning party shall notify the commission in writing of the identity of the
22 arbitrator. The commission shall then formally appoint the arbitrator and submit
23 to him or her the final offers of the parties. The final offers are public documents and
24 the commission shall make them available. In lieu of a single arbitrator and upon
25 request of both parties, the commission shall appoint a tripartite arbitration panel

1 consisting of one member selected by each of the parties and a neutral person
2 designated by the commission who shall serve as a chairperson. An arbitration panel
3 has the same powers and duties provided in this section as any other appointed
4 arbitrator, and all arbitration decisions by a panel shall be determined by majority
5 vote. In lieu of selection of the arbitrator by the parties and upon request of both
6 parties, the commission shall establish a procedure for randomly selecting names of
7 arbitrators. Under the procedure, the commission shall submit a list of 7 arbitrators
8 to the parties. Each party shall strike one name from the list. From the remaining
9 5 names, the commission shall randomly appoint an arbitrator. Unless both parties
10 to an arbitration proceeding otherwise agree in writing, every individual whose
11 name is submitted by the commission for appointment as an arbitrator must be a
12 resident of this state at the time of submission and every individual who is
13 designated as an arbitration panel chairperson must be a resident of this state at the
14 time of designation.
