Jeff,

Although your approach makes sense, in this case, I think it's best to just replace "certify" with "verify". When the amendment was discussed in the committee, there was a lot of discussion about replacing the word "certify" with "verify" and whether there was a difference between the two words. It seemed that eventually the consensus of the committee was that "verify" did not make a substantive change. The committee discussion led to a decision to stick with the use of "certify" in AA1.

Jessica,

I think the logical way to express it would be to say that the party official shall indicate on his or her list of nominees that he or she has contacted each of the nominees and has verified that each nominee is willing to serve. Is this consistent with the committee's thinking?

Jeff,

Can you prepare a simple amendment to Assembly Amendment 1 to SB 265 that replaces "certify" with "verify" on line 7 of AA1? The Assembly Committee on Campaigns and Elections introduced this verbal amendment, but decided not to vote on it.
