**TO:** Legislative Colleagues

**DATE:** January 15, 2014

**RE:** Co-sponsorship of LRB-3845, Relating to: providing grants to counties that offer substance abuse treatment and diversion from incarceration and making an appropriation

**SHORT DEADLINE: January 16, 2014 at 5 pm**

Throughout Wisconsin, counties and judges have been implementing successful Treatment Alternative and Diversion (TAD) programs to deal with individuals who abuse drugs and alcohol. While these programs are created and operated at the county level, state grants to implement and support these programs have been available for a few years. These programs have proven to be an effective and efficient means of combatting drug and alcohol abuse in our state, and make our communities safer.

The most recent biennial budget increased funding for TAD grants by \$1 million annually, allowing a number of new counties to establish TAD programs. There were 36 applications received, but only enough funding for 13 of the programs.

This bill further increases the appropriation for TAD grants by \$1.5 million annually, allowing for the continued expansion of these programs throughout Wisconsin. The bill also requires annual progress

reports to be submitted to the Legislature as well as a comprehensive cost benefit analysis of the program every five years.

*Analysis by the Legislative Reference Bureau*

Under current law, the Department of Justice (DOJ) provides grants to counties that have established qualifying treatment and diversion (TAD) programs for persons who are or may be charged with, or who are convicted of, an offense related to the person's use or abuse of alcohol or other drugs. TAD programs are intended to offer alternatives to prosecution or incarceration. Current law requires DOJ to evaluate the grant program every two years.

This bill increases funding for TAD grants by \$1,500,000 in each fiscal year of the current fiscal biennium. The bill requires each county that receives a TAD grant to submit to DOJ data requested by DOJ for the purpose of evaluating the effectiveness of the county's TAD program. The bill requires DOJ to prepare an annual progress report using that data and, every five years, to prepare a comprehensive report for submission to the legislature that provides a cost benefit analysis of the TAD grant program.
