I chose the March 1st date because s. 25.29 [✓] ~~(a)~~ ⁽¹⁾ (d) ^{2m.} uses the date of March 31st for counting the number of snowmobiles that are registered for purposes of the gas tax formula. This will give owners who currently have registered antique snowmobiles until that date next year to submit their applications for renewals. Then DNR will have approximately 30 days to process the applications and to include these registered antiques in the calculation of the formula.
