### ***Analysis by the Legislative Reference Bureau***

Under current law, a person must register with the Department of Corrections (DOC) as a sex offender if he or she has been convicted of certain sex offenses, found not guilty of certain sex offenses by reason of mental disease or defect, or adjudicated delinquent on the basis of certain sex offenses. Under current law, when a registrant is released into the community from confinement or other care, DOC or the Department of Health Services (DHS), whichever agency has authority over the registrant, has the option to notify the police chief of the community, and the sheriff of the county, in which the registrant will be residing, employed, or attending school if the registrant has been convicted, or found not guilty by reason of mental defect or disease, of a sex offense only one time and must notify the police chief of the community, and the sheriff of the county, in which the registrant will be residing, employed, or attending school or through which the registrant will be traveling if the registrant has been, on two or more occasions, convicted, or found not guilty by reason of mental disease or defect, of a sex offense or if the registrant has been found to be a sexually violent person. This bill applies identical notification provisions to
