Subject: LRB 13-3561/2

Hello Robin,

If you could put together a Senate version of LRB 3561/2 for Sen. Harsdorf's office that would be greatly appreciated.

Sincerely,

AJ Scholz

2013 BILL

In 12/20

Regen

1 AN ACT to create 350.055 (1m) of the statutes; relating to: snowmobile safety
2 program field training requirements.

Analysis by the Legislative Reference Bureau

Current law requires the Department of Natural Resources (DNR) to establish a program of instruction on snowmobile laws, snowmobile safety, and related subjects. The program must be conducted by instructors certified by DNR and a person who satisfactorily completes the program receives a snowmobile safety certificate from DNR. Current law prohibits a person who is at least 12 years of age and who is born on or after January 1, 1985, from operating a snowmobile unless he or she holds a valid snowmobile safety certificate.

This bill prohibits a snowmobile safety program instructor conducting a snowmobile safety program from allowing a person taking the instructor's program to operate a snowmobile as part of a field training exercise unless the snowmobile, in addition to meeting the requirements that apply to snowmobiles under current law, is in good working order and is equipped with a device that limits the speed of the snowmobile to 15 miles per hour.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

3 SECTION 1. 350.055 (1m) of the statutes is created to read:

BILL

1 350.055 **(1m)** An instructor certified by the department under sub. (1) who
2 conducts a snowmobile program of instruction may not allow a person enrolled in
3 that program to operate a snowmobile as part of a field training exercise unless the
4 snowmobile, in addition to meeting the requirements that apply to snowmobiles
5 under this chapter, is in good working order and is equipped with a device that limits
6 the speed of the snowmobile to 15 miles per hour.

7
