ATTN: Rob Kovach

Please review the attached draft carefully to ensure that it is consistent with your intent. The following are several issues you may wish to consider in your review:

1. It is not clear to me whether DOT will need to make any changes to comply with this draft. You may wish to contact DOT to solicit their opinion on the matter. If regulatory or administrative changes are necessary, you may wish to consider a delayed effective date or additional appropriations.
2. Section 341.14 (1e) (b), stats., authorizes DOT to issue temporary disabled registration plates for motorcycles. The ability to use special identification cards with motorcycles appears to obviate much of the need for a temporary disabled registration plate for motorcycles. Do you wish to repeal s. 341.14 (1e) (b), stats.? For your reference, 1989 Wis. Act 304 both added the temporary registration plate and specifically excluded motorcycles from coverage under the special identification card provision.

Please let me know if you would like any changes made to the attached draft or if you have any questions. If the attached draft meets with your approval, let me know and I will convert it to an introducible “/1” draft.
