Description Creating an individual income tax exemption for military income received by active duty members of the U.S. armed forces who die in a combat zone					

Assumptions Used in Arriving at Fiscal Estimate

Under current law, the monthly compensation of a member of the United States Armed Forces is excluded from income if the taxpayer served in a combat zone. The exclusion for commissioned officers is limited to the maximum amount that enlisted personnel may exclude. Moreover, death gratuities paid to survivors of members of the Armed Forces are excluded from income.

For taxable years beginning after December 31, 2012, this bill exempts from taxation all military income received from the federal government by an individual who is on active duty in the U.S. armed forces and who dies in a combat zone. The exemption applies to income received by the individual in the year in which he or she dies, and in the year before that year if the individual has not filed a return for that prior year.

Based on statistics from the Department of Defense Casualty Analysis System, there have been 123 Wisconsin military casualties in the Global War on Terror (32 from Operation Enduring Freedom, 91 from Operation Iraqi Freedom, and 0 from Operation New Dawn). Based on the duration of the Global War on Terror, there have been approximately 11 Wisconsin casualties per year.

The bill is expected to reduce revenue by a minimal amount annually beginning in fiscal year 2014.
