

Fiscal Estimate Narratives

DCF 6/3/2013

LRB Number 13-0588/1	Introduction Number AB-0175	Estimate Type Original
Description Training standards for law enforcement officers regarding domestic abuse incidents and complaints, and law enforcement reports following a domestic abuse incident		

Assumptions Used in Arriving at Fiscal Estimate

This bill makes changes related to the reporting of domestic abuse incidents and complaints and in the training of law enforcement officers regarding domestic abuse, including to inform victims of shelters and services that are located in the area. The bill does not increase state funding to domestic violence shelters or services and therefore there is no state fiscal effect to this bill.

Training standards that include informing domestic abuse victims of shelters and services available could increase the use of such services, which could increase costs at the local level. The potential fiscal impact of this cannot be determined.

Long-Range Fiscal Implications
