<b>Description</b> Requiring legislation for agencies to take an action to, request federal moneys to, and use state moneys to assist the federal government to create or implement a health benefit exchange					

### Assumptions Used in Arriving at Fiscal Estimate

Assembly Amendment 1 to AB 514 requires the Department to request Legislative approval before the Department takes an action to expend monies or request grant funding to build a State-Based Health Exchange. The Department is not currently involved in any activity to build a State-Based Health Exchange and therefore this amendment is not expected to have a fiscal impact.

### Long-Range Fiscal Implications
