Description Public hearings regarding the adoption of college and career readiness standards					

Assumptions Used in Arriving at Fiscal Estimate

Local: No fiscal effect.

State: The amount of resources needed for the department to conduct three additional public hearings is indeterminate.

For the previous hearings held by the Department as required under 2013 Wisconsin Act 20, the Department had four staff members present at each hearing site. These staff members will likely need at least a half-day to prep for the hearing, a day to travel to the site and hold the public hearing, and a half-day to review the notes from the hearing and conduct any follow-up needed. Additionally, it will likely cost money to rent the site where the hearing will be held. The exact costs are indeterminate and will vary depending on where the hearing is held and how many people decide to testify.
