LRB Number 13-4387/	Introduction Number	AB-0926	Estimate Type	Original				
Description Study of the viability of permitting students to attend certain institutions of higher education without paying tuition or fees								

Assumptions Used in Arriving at Fiscal Estimate

HEAB would perform this study to determine the viability of the proposed program under Assembly Bill 926. HEAB would be looking at not only the high school graduates but also students that have been granted a declaration of equivalency of high school graduation or a general educational development certificate by the state superintendent of public instruction. The proposed completion of the project would coincide with the beginning of the 15-17 budget session.

Long-Range Fiscal Implications
