## Fiscal Estimate Narratives

DOT 8/20/2013

LRB Number	13-0167/1	Introduction Number	SB-248	Estimate Type	Original
<b>Description</b> Length limit for certain vehicle combinations operated on the highway without a permit					

### Assumptions Used in Arriving at Fiscal Estimate

Under existing law, vehicles that exceed certain length restrictions may not be operated without a permit. One exception to this law allows the towing, without a permit, of vehicles in a saddle-mount combination, if the overall length of the combination does not exceed 75 feet.

SAFETEA-LU, the federal surface transportation funding authorization from 2005 to 2009, prohibits states from imposing any vehicle length limitation less than 97 feet on all driveway saddlemount vehicle transporter combinations. This bill would bring Wisconsin into compliance with federal law.

The Department expects that the legislation will impose no new costs or administrative burdens, nor will it produce new state revenues.

### Long-Range Fiscal Implications
