

## Fiscal Estimate Narratives

ETF 2/17/2014

LRB Number	<b>13-4098/1</b>	Introduction Number	<b>SB-583</b>	Estimate Type	<b>Original</b>
<b>Description</b> Creditable military service under the Wisconsin Retirement System					

### Assumptions Used in Arriving at Fiscal Estimate

This bill would allow Wisconsin Retirement System (WRS) participants to receive military service credits for any military service (current law requires that the service must have been performed prior to 1974). In addition, this bill would eliminate the current law restriction on receiving military service credit for service that is also used to receive a federal retirement benefit. Finally, the bill would allow for a participant to receive military service credits if that participant leaves WRS covered employment to enter military service and returns to any WRS covered employment within 180 days of discharge (current law requires the participant to return to the same WRS employer).

The Department projects that this bill would result in a 5% on-going increase in the number of participants requesting credit for active military service. One-time administrative costs associated with the revision of forms and publications, training, computer program modifications, and participant inquiries would be incurred during the implementation year. In addition, on-going costs would increase due to the addition of a 0.5 FTE to handle the on-going increase in participants requesting military service credits.

This fiscal estimate only addresses the administrative costs associated with this bill. The Joint Survey on Retirement Systems is responsible for providing a fiscal estimate of the costs associated with the change in retirement benefits created by this bill.

### Long-Range Fiscal Implications
