## WISCONSIN LEGISLATIVE COUNCIL ACT MEMO

---

---

**2013 Wisconsin Act 86**  
[2013 Senate Bill 346]

**Vapor Recovery System Removal  
Grants**

2013 Wisconsin Act 20, the 2013-15 Biennial Budget Act, created a grant program for costs related to the removal of stage 2 vapor recovery systems at gas stations in Southeast Wisconsin. It directs the Department of Natural Resources to promulgate rules for the administration of the program, including rules specifying what are eligible costs.

2013 Wisconsin Act 86 replaces the rule-making requirement with statutory language specifying what are eligible costs under the program.

*Effective date:* December 14, 2013.
