

WISCONSIN LEGISLATIVE COUNCIL ACT MEMO

2013 Wisconsin Act 331
[2013 Senate Bill 63]

**Composition of the State Capitol
and Executive Residence Board**

The State Capitol and Executive Residence Board (SCERB) oversees the State Capitol and executive residence (Governor's mansion). Its purpose is "to direct the continuing and consistent maintenance of the property, decorative furniture and furnishings" of these facilities. [s. 16.83 (1), Stats.] The composition of SCERB is specified in statute. Under prior law, it included at least three interior designers, two registered architects, and one registered landscape architect.

2013 Wisconsin Act 331 decreases the minimum number of interior designers on SCERB from three to two and requires that they be registered under s. 550.962, Stats.

Effective date: April, 25, 2014. The Act first applies to appointments made on the effective date.
