OTT. Referred to Committee on Insurance and Housing.

AN ACT to create 234.59 (3) (e) 4. of the statutes; relating to: the homeownership mortgage loan program administered by the Wisconsin Housing and Economic Development Authority.

Analysis by the Legislative Reference Bureau

The Wisconsin Housing and Economic Development Authority (WHEDA) administers a homeownership mortgage loan program to encourage homeownership and to facilitate the acquisition of rehabilitation of certain residential properties. Under the program, subject to certain limitations, WHEDA may, directly or by contracting with an authorized lender, make, buy, or assume loans to finance the construction, long-term financing, or rehabilitation of certain residential properties (homeownership mortgage loans). One limitation is that, under current law, homeownership mortgage loans may not be made to finance the purchase or replacement of an existing mortgage unless the existing mortgage is a construction loan, temporary financing, or a loan made to finance a rehabilitation project. Under this bill, a homeownership mortgage loan may also be made to finance the purchase or replacement of an existing mortgage if the existing mortgage is a loan funded or serviced by WHEDA.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:
SECTION 1. 234.59 (3) (e) 4. of the statutes is created to read:

234.59 (3) (e) 4. A loan made to pay off a loan funded or serviced by the authority.
