(10) of the statutes; relating to: special registration plates honoring this state’s
support of the United States Olympic Committee and making an appropriation.

Analysis by the Legislative Reference Bureau
Under current law, a group or organization that meets certain criteria may apply to the Department of Transportation (DOT) for designation as an authorized special group. If the application is approved, members of the authorized special group may obtain special registration plates for certain vehicles, including automobiles and motor homes, that are owned or leased by special group members. Before October 2, 1998, authorized special groups whose members may obtain special plates were specifically enumerated in state law. With certain exceptions, current law provides that specific enumeration in state law of authorized special groups is limited to those special groups enumerated before October 2, 1998. A fee, in addition to the regular registration fee for the particular kind of vehicle, is charged for the issuance or reissuance of most special plates.

This bill establishes an authorized special group specifically enumerated in state law for persons interested in obtaining special plates honoring this state’s support of the United States Olympic Committee. In addition to the regular vehicle registration fee, special group members are required to pay a $15 fee for issuance or

reissuance of the special plates and to annually include payment of $25 that provides funds in equal amounts to Pettit National Ice Center, Inc., the Central Cross Country Ski Association, and the United States Olympic Committee. The bill requires the special plates to display a logo or symbol associated with the United States Olympic Committee. DOT may not specify a design for the plates unless the design is approved by the United States Olympic Committee. DOT may not issue these special plates until DOT has obtained authority to use any applicable trademark or service mark associated with the United States Olympic Committee on these special plates and until DOT receives contributions from interested persons in the amount of the initial costs of production of these special plates or $11,800, whichever is less.

For further information see the state fiscal estimate, which will be printed as an appendix to this bill.
