**Analysis by the Legislative Reference Bureau**

This bill creates an income and franchise tax credit equal to the amount that the taxpayer pays in the taxable year to purchase or manufacture insulating concrete forms used to construct a building. If the amount of the credit exceeds the taxpayer’s tax liability, the taxpayer does not receive a refund, but may claim the amount of any unused credit in subsequent taxable years.

For further information see the **state and local** fiscal estimate, which will be printed as an appendix to this bill.
