(3) (a) If the state superintendent determines that a school is not in compliance, and the department of safety and professional services, based on its inspection of the school, concurs in the determination, the state superintendent may order the school board to repair, improve, remodel or close the school by a stated date. An order issued under this paragraph constitutes a preliminary finding of noncompliance with the standard under s. 121.02 (1) (i).

(b) 1. If the state superintendent determines that a school is not in compliance and is not worth repairing, and the department of safety and professional services, based on its inspection of the school, concurs in the determination, the state superintendent may order the school board to develop a plan that describes how the school board will achieve compliance with the standard under s. 121.02 (1) (i). The plan shall specify the time within which compliance with the standard under s. 121.02 (1) (i) shall be achieved. The state superintendent shall hold a public hearing on the plan in the school district and may, as a result of the hearing, recommend changes to the plan. In this subsection, “private school” means any school defined in s. 115.001 (3r) which complies with the requirements of 42 USC 2000d.

History: 1971 c. 125, 215; 1975 c. 39, 224; 1977 c. 29; 1979 c. 221 ss. 854m, 2200 (43); 1983 a. 27; 1983 a. 189 s. 329 (17m); 1983 a. 512 s. 8; 1995 a. 27 s. 9145 (1); 1997 a. 27; 2005 a. 25; 2009 a. 302.

(1) From the appropriation under s. 20.255 (2) (cm), the state superintendent shall reimburse each school board 15 cents for each breakfast served at a school that meets the requirements of 7 CFR 220.8 or 220.8a, whichever is applicable, and shall reimburse each governing body of a private school or tribal school 15 cents for each breakfast served at the private school or tribal school that meets the requirements of 7 CFR 220.8 or 220.8a, whichever is applicable.

(2) If the appropriation under s. 20.255 (2) (cm) in any fiscal year is insufficient to pay the full amount of aid under this section, the state superintendent shall prorate state aid payments among
the school boards and governing bodies of private schools and tribal schools entitled to the aid.

History: 1993 a. 168; 1995 a. 27 s. 9145 (1); 1997 a. 27; 1999 a. 9; 2007 a. 20; 2009 a. 302.

115.343 Wisconsin school day milk program. (1) The department shall establish a school day milk program. A public, private, or tribal school participating in the program shall offer each eligible child one half–pint of Wisconsin–produced whole milk, 2% milk, 1.5% milk, one percent milk, 0.5% milk, skim milk or chocolate milk on each day in which school is in session. If a child is allergic to milk or has metabolic disorders or other conditions which prohibit him or her from drinking milk, the child shall be offered juice as a substitute. Any school that participates in the program is encouraged to consider bids from local milk suppliers. The school shall keep all information related to the identity of the pupils who receive a beverage under the program confidential. In this subsection, “Wisconsin–produced” means that all or part of the raw milk used by the milk processor was produced in this state.

(2) A child who is enrolled in a school in prekindergarten classes to grade 5 is eligible to receive a beverage specified in sub. (1) if all of the following apply:
   (a) The child does not receive the beverage through the federal special milk program under 42 USC 1772 (b).
   (b) The child meets the income eligibility standard for a free or reduced–price lunch in the federal school lunch program under 42 USC 1758 (b).
   (c) The child does not receive the beverage during the school’s breakfast or lunch period.

(3) The department shall pay each participating school the full cost of beverages under sub. (1) served to children eligible under sub. (2) in the prior school year from the appropriation under s. 20.255 (2) (cp).

(4) If the appropriation under s. 20.255 (2) (cp) in any fiscal year is insufficient to pay the full amount of aid under this section, state aid payments shall be prorated among the schools entitled to such aid.

(5) The department shall maintain a count of the number of children who are served beverages under this section.

115.345 Nutritional improvement for elderly. (1) Any school district approved by the state superintendent may establish a system to provide the opportunity for authorized elderly persons to participate in its school lunch program. If a school board desires to establish such a service, it shall develop a plan for the provision of food services for elderly persons and submit the plan to the state superintendent. Upon petition of 5% of the voters in the school district who voted in the last school board election, the school board shall formulate a food services plan, provided that hot food service facilities are available to school children in the district.

(2) Each plan shall provide at least one meal per day for each day that school is in regular session. The school board may provide additional service at other times in its discretion, if the number of eligible persons in the district or adjacent districts is of sufficient size, in the opinion of the state superintendent, so that unwarranted production expense is not incurred.

(3) Any school board which operates a food services plan for elderly persons under this section shall make facilities available for service to elderly persons at every high school and junior high school in the district which provides hot food service to its students. Upon application, the state superintendent may grant exceptions from compliance with this subsection for reasons of safety, convenience or insufficient interest in a given neighborhood. The school board may, in addition, provide service at elementary schools if desired.

(4) Meals may be served at schools where they are served to students or at any site more convenient to the majority of authorized elderly persons interested in the service. Food may be transported to authorized elderly persons who are unable to leave their homes or distributed to nonprofit organizations for such purposes. However, no state funds under this section may be used for food delivery to individual homes. The state superintendent may require consolidation of programs between districts and between schools if such a procedure will be convenient and economical.

(5) The school board may file a claim with the department for reimbursement for reasonable expenses incurred, excluding capital equipment costs, but not to exceed 15% of the cost of the meal or 50 cents per meal, whichever is less. Any cost in excess of the lesser amount may be charged to participants. If the department approves the claim, it shall certify that payment is due and the secretary of administration shall pay the claim from the appropriation under s. 20.255 (2) (cn).

(6) All meals served must meet the approval of the state superintendent who shall establish minimum nutritional standards not inconsistent with federal standards and reasonable expenditure limits such that the average cost per meal is not excessive. The state superintendent shall give special consideration to dietary problems of elderly persons in formulating a nutritional plan. However, no school board shall be required to provide special foods for individual persons with allergies or medical disorders.

(7) Participants in a program under this section may be required to document their Wisconsin residency in a manner approved by the department. The state superintendent may issue identification cards to such persons if necessary.

(7m) A private school or tribal school may establish a food services plan for elderly persons. If the plan meets all of the requirements of this section and is approved by the state superintendent, the private school or tribal school is eligible for reimbursement in the same manner as school districts under sub. (5).

(8) The state superintendent shall adopt reasonable rules necessary to implement this section.

(9) In this section, “authorized elderly person” means any resident of the state who is 60 years of age or more, or the spouse of an authorized person. A school board may admit nonresident persons who would otherwise qualify into its program except that no state funds under this section may be used to subsidize any portion of the meals served to such persons.

115.347 Direct certification of eligibility for school nutrition programs. (1) Beginning in the 1994–95 school year, a school board may submit enrollment data to the department of children and families for the purpose of directly certifying children as eligible for free or reduced–price meals served by the federal school nutrition programs. The department of children and families shall prescribe a format for the report.

(2) Whenever a school district that is located in whole or in part in a county that has converted to the client assistance for reemployment and economic support data system submits a report under sub. (1) in the prescribed format, the department of children and families shall determine which children enrolled in the school district are members of Wisconsin Works groups participating under s. 49.147 (3) to (5) or of families receiving aid to families with dependent children or food stamps and shall provide the information to the school board as soon thereafter as possible. The school board shall use the information to directly certify children as eligible for free or reduced–price meals served by the school district under federal school nutrition programs, pursuant to 42 USC 1758 (b) (2) (C) (ii) and (iii).

(3) The state superintendent shall assist school boards in developing a method for submitting enrollment data to the department of children and families for school under sub. (1).

115.35 Health problems education program. (1) A critical health problems education program is established in the department. The program shall be a systematic and integrated program designed to provide appropriate learning experiences
based on scientific knowledge of the human organism as it functions within its environment and designed to favorably influence the health, understanding, attitudes and practices of the individual child which will enable him or her to adapt to changing health problems of our society. The program shall be designed to educate youth with regard to critical health problems and shall include, but not be limited to, the following topics as the basis for comprehensive education curricula in all elementary and secondary schools: controlled substances, as defined in s. 961.01 (4); controlled substance analogs, as defined in s. 961.01 (4m); alcohol; tobacco; mental health; sexually transmitted diseases, including acquired immunodeficiency syndrome; human growth and development; and related health and safety topics. Participation in the human growth and development topic of the curricula shall be entirely voluntary. The department may not require a school board to use a specific human growth and development curriculum.

(2) In carrying out this section, the state superintendent may, without limitation because of enumeration:

(a) Establish guidelines to help school districts develop comprehensive health education programs.

(b) Establish special in−service programs to provide professional preparation in health education for teachers throughout the state.

(c) Provide leadership institutions of higher education to develop and extend curricula in health education for professional preparation in both in−service and preservice programs.

(d) Develop cooperative programs between school districts and institutions of higher education whereby the appropriate health personnel of such institutions would be available to guide the continuing professional preparation of teachers and the development of curricula for local programs.

(e) Assist in the development of plans and procedures for the evaluation of health education curricula.

INTERSTATE AGREEMENT ON QUALIFICATION OF EDUCATIONAL PERSONNEL

The interstate agreement on qualification of educational personnel is hereby enacted into law and entered into with all jurisdictions legally joining therein, in the form substantially as follows:

INTERSTATE AGREEMENT ON QUALIFICATION OF EDUCATIONAL PERSONNEL

(1) ARTICLE I - PURPOSE, FINDINGS, AND POLICY. (a) The states party to this agreement, desiring by common action to improve their respective school systems by utilizing the teacher or other professional educational person wherever educated, declare that it is the policy of each of them, on the basis of cooperation with one another, to take advantage of the preparation and experience of such persons wherever gained, thereby serving the best interests of society, of education, and of the teaching profession. It is the purpose of this agreement to provide for the development and execution of such programs of cooperation as will facilitate the movement of teachers and other professional educational personnel among the states party to it, and to authorize specific interstate educational personnel contracts to achieve that end.

(b) The states find that included in the large movement of population among all sections of the nation are many qualified educational personnel who move for family and other personal reasons but who are hindered in using their professional skill and experience in their new locations. Variations from state to state in requirements for qualifying educational personnel discourage such personnel from taking the steps necessary to qualify in other states. As a consequence, a significant number of professionally prepared and experienced educators is lost to our school systems. Facilitating the employment of qualified educational personnel, without reference to their states of origin, can increase the availability of educational manpower. Participation in this compact can increase the availability of educational manpower.

(2) ARTICLE II - DEFINITIONS. As used in this agreement and contracts made pursuant to it, unless the context clearly requires otherwise:

(a) “Accept”, or any variant thereof, means to recognize and give effect to one or more determinations of another state relating to the qualifications of educational personnel in lieu of making or requiring a like determination that would otherwise be required by or pursuant to the laws of a receiving state.

(b) “Designated state official” means the education official of a state selected by that state to negotiate and enter into, on behalf of that state, contracts pursuant to this agreement.

(c) “Educational personnel” means persons who must meet requirements pursuant to state law as a condition of employment in educational programs.

(d) “Originating state” means a state, and the subdivisions of the state, if any, whose determination that certain educational personnel are qualified to be employed for specific duties in schools is acceptable in accordance with the terms of a contract made pursuant to sub. (3).

(e) “Receiving state” means a state, and the subdivisions of the state, that accepts educational personnel in accordance with the terms of a contract made pursuant to sub. (3).

(3) ARTICLE III - INTERSTATE EDUCATIONAL PERSONNEL CONTRACTS. (a) The designated state official of a party state may make one or more contracts on behalf of the official’s state with one or more party states providing for the acceptance of educational personnel. Any such contract for the period of its duration shall be applicable to and binding on the states whose designated state officials enter into it, and the subdivisions of those states, with the same force and effect as if incorporated in this agreement. A designated state official may enter into a contract pursuant to this section only with states in which the official finds that there are programs of education, certification standards or other acceptable qualifications that assure preparation or qualification of educational personnel on a basis sufficiently comparable, even though not identical to that prevailing in the official’s own state.

(b) Any such contract shall provide for:

1. Its duration.
2. The criteria to be applied by an originating state in qualifying educational personnel for acceptance by a receiving state.
3. Such waivers, substitutions, and conditional acceptances as shall aid the practical effectuation of the contract without sacrifice of basic educational standards.
4. Any other necessary matters.

(c) No contract made pursuant to this agreement shall be for a term longer than 5 years but any such contract may be renewed for like or lesser periods.

(d) Any contract dealing with acceptance of educational personnel on the basis of their having completed an educational program shall specify the earliest date or dates on which originating state approval of the program or programs involved can have occurred. No contract made pursuant to this agreement shall require acceptance by a receiving state of any persons qualified because of successful completion of a program prior to January 1, 1954.

(e) The certification or other acceptance of a person who has been accepted pursuant to the terms of a contract shall not be revoked or otherwise impaired because the contract has expired or been terminated. However, any certificate or other qualifying document may be revoked or suspended on any ground which would be sufficient for revocation or suspension of a certificate or other qualifying document initially granted or approved in the receiving state.

(f) A contract committee composed of the designated state officials of the contracting states or their representatives shall keep the contract under continuous review, study means of improving its administration, and report no less frequently than once a year to the heads of the appropriate education agencies of the contracting states.

(4) ARTICLE IV - APPROVED AND ACCEPTED PROGRAMS. (a) Nothing in this agreement shall be construed to repeal or otherwise modify any law or regulation of a party state relating to the approval of programs of educational preparation having effect solely on the qualification of educational personnel within that state.

(b) To the extent that contracts made pursuant to this agreement deal with the educational requirements for the proper qualification of educational personnel, acceptance of a program of educational preparation shall be in accordance with such procedures and requirements as may be provided in the applicable contract.

(5) ARTICLE V - INTERSTATE COOPERATION. The party states agree that:

(a) They will, so far as practicable, prefer the making of multilateral contracts under sub. (3).

(b) They will facilitate and strengthen cooperation in interstate certification and other elements of educational personnel qualification and for this purpose shall cooperate with agencies, organi-
zations, and associations interested in certification and other elements of educational personnel qualification.

(6) **ARTICLE VI – AGREEMENT EVALUATION.** The designated state officials of any party states may meet from time to time as a group to evaluate progress under the agreement, and to formulate recommendations for changes.

(7) **ARTICLE VII – OTHER ARRANGEMENTS.** Nothing in this agreement shall be construed to prevent or inhibit other arrangements or practices of any party state or states to facilitate the interchange of educational personnel.

(8) **ARTICLE VIII – EFFECT AND WITHDRAWAL.** (a) This agreement shall become effective when enacted into law by 2 states. Thereafter it shall become effective as to any state upon its enactment of this agreement.

(b) Any party state may withdraw from this agreement by enacting a statute repealing the same, but no such withdrawal shall take effect until one year after the governor of the withdrawing state has given notice in writing of the withdrawal to the governors of all other party states.

(c) No withdrawal shall relieve the withdrawing state of any obligation imposed upon it by a contract to which it is a party. The duration of contracts and the methods and conditions of withdrawal therefrom shall be those specified in their terms.

(9) **ARTICLE IX – CONSTRUCTION AND SEVERABILITY.** This agreement shall be liberally construed so as to effectuate the purposes thereof. The provisions of this agreement shall be severable and if any phrase, clause, sentence, or provision of this agreement is declared to be contrary to the constitution of any state or of the United States, or the application thereof to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this agreement and the applicability thereof to any government, agency, person, or circumstance shall not be affected thereby. If this agreement shall be held contrary to the constitution of any state participating therein, the agreement shall remain in full force and effect as to the state affected as to all severable matters.

### 115.47 Designated state official under agreement. The “designated state official” for this state under s. 115.46 shall be the state superintendent.

**History:** 1995 a. 27 s. 9145; 1997 a. 27.

(3) Determination of eligibility for special education. (a) Upon the completion of the administration of assessments and other evaluation measures, the individualized education program team shall determine whether the child is a child with a disability and the educational needs of the child. The team may not determine that a child is a child with a disability if the determinant factor for the determination is lack of appropriate instruction in reading, including in the essential components of reading instruction, as defined in 20 USC 6368 (3), or lack of instruction in math, or because the child has limited proficiency in English.

(b) The individualized education program team shall prepare an evaluation report that includes documentation of determination of eligibility for special education. The local educational agency shall give a copy of the evaluation report, including the documentation of eligibility, to the child’s parents.

(4) Reevaluations. (a) A local educational agency shall ensure that the individualized education program team does all of the following:

1. Evaluates a child with a disability in accordance with this section before determining that the child is no longer a child with a disability, except that an evaluation is not required before the termination of a child’s eligibility for special education and related services because he or she graduated from secondary school with a regular diploma or because he or she reached the age of 21. In those circumstances, the local educational agency shall provide the child with a summary of the child’s academic achievement and functional performance, including recommendations on how to assist the child in meeting his or her postsecondary goals.

2. Reevaluates a child with a disability in accordance with this section if the local educational agency determines that the educational or related services needs of the child, including the child’s academic performance, warrant a reevaluation or if the child’s parent or teacher requests a reevaluation. The individualized education program team shall reevaluate a child no more frequently than once a year unless the child’s parent and the local
educational agency agree otherwise, and at least once every 3 years unless the child’s parent and the local educational agency agree that a reevaluation is unnecessary.

(b) The local educational agency shall obtain informed consent from the child’s parent before reevaluating a child with a disability, except that such consent need not be obtained if the local educational agency has taken reasonable measures to obtain such consent and the child’s parents have failed to respond.

(c) If the individualized education program team and other qualified professionals, as determined by the local educational agency, find under sub. (2) (b) 2. that no additional data are needed to determine whether the child continues to be a child with a disability or to determine the child’s educational needs, the local educational agency shall notify the child’s parents of that finding and the reasons for it and the right of the child’s parents to request an assessment to determine whether the child continues to be a child with a disability and to determine the child’s educational needs. The local educational agency is not required to conduct such an assessment unless the child’s parents request it.

115.787 Individualized education programs.
(1) REQUIREMENT THAT PROGRAM BE IN EFFECT. At the beginning of each school year, each local educational agency shall have in effect, for each child with a disability, an individualized education program.

(2) REQUIRED COMPONENTS. An individualized education program shall include all of the following:

(a) A statement of the child’s present level of academic achievement and functional performance, including how the child’s disability affects the child’s involvement and progress in the general curriculum or, for a preschool child, as appropriate, how the disability affects the child’s participation in appropriate activities.

(b) A statement of measurable annual goals for the child, including academic and functional goals, designed to meet the child’s needs that result from the child’s disability to enable the child to be involved in and make progress in the general curriculum, and meet each of the child’s other educational needs that result from the child’s disability.

(bm) For a child with a disability who takes alternate assessments aligned with alternate achievement standards, a description of benchmarks or short-term objectives.

(c) A statement of the special education and related services and supplementary aids and services, based on peer-reviewed research to the extent practicable, to be provided to the child, or on behalf of the child, and a statement of the program modifications or supports for school personnel that will be provided for the child to do all of the following:

1. Advance appropriately toward attaining the annual goals.
2. Be involved and make progress in the general curriculum in accordance with par. (a) and participate in extracurricular and other nonacademic activities.
3. Be educated and participate with other children with disabilities and nondisabled children in the activities described in this subsection.

(d) An explanation of the extent to which the child will not participate with nondisabled children in regular classes, in the general curriculum and in extracurricular and other nonacademic activities.

(e) 1. A statement of any individual appropriate accommodations that are necessary to measure the academic achievement and functional performance of the child on statewide or local educational agency–wide assessments.

2. If the individualized education program team determines that a child will take an alternate assessment on a particular statewide or local educational agency–wide assessment of pupil achievement, a statement of why the child cannot participate in the regular assessment and why the particular alternate assessment selected is appropriate for the child.

(f) The projected date for the beginning of the services and modifications described in par. (c) and the anticipated frequency, location and duration of those services and modifications.

(g) 1. Beginning not later than in the first individualized education program that will be in effect when the child is 14, and updated annually thereafter, a statement of appropriate, measurable postsecondary goals for the child based on age–appropriate transition assessments related to training, education, employment and, where appropriate, independent living skills. An individualized education program that indicates a goal of a technical education high school diploma under s. 118.33 (1) (g) shall specify the course of study that the pupil must take to attain that goal.

2. Beginning not later than in the first individualized education program that will be in effect when the child is 14, and updated annually thereafter, a description of the transition services, including courses of study, needed to assist the child in reaching the goals under subd. 1.

3. Beginning at least one year before the child attains the age of 18, and annually thereafter, a statement that the child has been informed of the child’s rights that will transfer to the child on reaching the age of 18 under s. 115.807.

(h) A statement of all of the following:

1. How the child’s progress toward attaining the annual goals described in par. (b) will be measured.

2. When periodic reports, such as quarterly reports or other periodic reports issued concurrently with report cards, on the child’s progress toward attaining the annual goals described in par. (b) will be provided to the child’s parents.

(i) If the individualized education program team determines that the use of seclusion, as defined in s. 118.305 (1) (i), or physical restraint, as defined in s. 118.305 (1) (g), may reasonably be anticipated for the child, appropriate positive interventions and supports and other strategies that address the behavior of concern and that comply with all of the following:

1. The interventions, supports, and other strategies are based upon a functional behavior assessment of the behavior of concern.

2. The interventions, supports, and other strategies incorporate the use of the term “seclusion” or “physical restraint.”

3. The interventions, supports, and other strategies include positive behavioral supports.

(3) DEVELOPMENT. (a) In developing each child’s individualized education program, the individualized education program team shall consider the strengths of the child, the concerns of the child’s parents for enhancing the education of their child, the results of the initial evaluation or most recent reevaluation of the child, and the academic, developmental, and functional needs of the child.

(b) The individualized education program team shall do all of the following:

1. In the case of a child whose behavior impedes his or her learning or that of others, consider the use of positive behavioral interventions and supports and other strategies to address that behavior.

2. In the case of a child with limited English proficiency, consider the language needs of the child as such needs relate to the child’s individualized education program.

3. In the case of a child who is visually impaired, provide for instruction in Braille and the use of Braille unless the individualized education program team determines, after an evaluation of the child’s reading and writing skills, needs and appropriate reading and writing media, including an evaluation of the child’s future needs for instruction in Braille or the use of Braille, that instruction in Braille or the use of Braille is not appropriate for the child.

4. Consider the communication needs of the child, and, in the case of a child who is hearing impaired, consider the child’s lan-
guage and communication needs, opportunities for direct communications with peers and professional personnel in the child’s language and communication mode, academic level and full range of needs, including opportunities for direct instruction in the child’s language and communication mode.

5. Consider whether the child requires assistive technology devices and services.

(c) The regular education teacher of the child, as a participant on the individualized education program team, shall, to the extent appropriate, participate in the development of the individualized education program of the child, including the determination of appropriate positive behavioral interventions and supports and other strategies and the determination of supplementary aids and services, program modifications and support for school personnel.

(e) The local educational agency shall give a copy of the child’s individualized education program to the child’s parents with the notice of placement under s. 115.792 (2).

(4) REVIEW AND REVISION. (a) The individualized education program team shall do all of the following:

1. Review the child’s individualized education program periodically, but at least annually, to determine whether the annual goals for the child are being achieved.

2. Revise the individualized education program as appropriate to address all of the following:
   a. Any lack of expected progress toward the annual goals and in the general curriculum.
   b. The results of any reevaluation conducted under s. 115.782.
   c. Information about the child provided to or by the child’s parents, as described in s. 115.782.
   d. The child’s anticipated needs.
   e. Other matters.

(b) The regular education teacher of the child, as a participant on the individualized education program team, shall, to the extent appropriate, participate in the review and revision of the individualized education program of the child.

(c) After the annual individualized education program meeting for a school year, the entire individualized education program team may make changes to the child’s individualized education program, or the child’s parent and the local educational agency may agree not to convene an individualized education program team meeting for the purpose of making changes to the child’s individualized education program. If the child’s parent and the local educational agency agree not to convene an individualized education program team meeting, they shall instead develop a written document to modify the child’s current individualized education program. The local educational agency shall give the child’s parent a copy of the child’s revised individualized education program.

(5) FAILURE TO MEET TRANSITION OBJECTIVES. If a participating agency, other than the local educational agency, fails to provide transition services in accordance with sub. (2) (g), the local educational agency shall reconvene the individualized education program team to identify alternative strategies to meet the transition objectives for the child set out in the individualized education program.

(6) CHILDREN WITH DISABILITIES IN STATE PRISONS. (a) 1. The requirements relating to participation of children with disabilities in general assessments under sub. (2) (e) do not apply to a child with a disability who is convicted of a crime under state law and incarcerated in a state prison.

2. The requirements relating to transition planning and transition services under sub. (2) (g) 1. and 2. do not apply with respect to a child with a disability who is convicted of a crime under state law and incarcerated in a state prison and whose eligibility under this subchapter will end, because of his or her age, before he or she will be released from prison.

(b) If a child with a disability is convicted of a crime and incarcerated in a state prison, the child’s individualized education program team may modify the child’s individualized education program or placement notwithstanding the requirements of sub. (1) and s. 115.79 (1) (a) if the department of corrections has demonstrated a bona fide security or compelling educational interest that cannot otherwise be accommodated.

(7) CONSTRUCTION. Nothing in this section requires the individualized education program team to include information under one component of a child’s individualized education program that is already contained under another component of the individualized education program or requires that additional information be included in a child’s individualized education program beyond what is explicitly required by this section.

115.79 Educational placements. (1) Each local educational agency shall ensure that all of the following occur:

(a) An evaluation is conducted under s. 115.782 before special education and related services are provided to a child with a disability.

(b) An educational placement is provided to implement a child’s individualized education program. Except as provided in s. 118.51 (2) (a) and (b) 2., if a child with a disability is attending a public school in a nonresident school district under s. 118.51 or 121.84 (1) (a) or (4), the school board of the school district that the child is attending shall provide an educational placement for the child and shall pay tuition charges instead of the school district in which the child resides if required by the placement.

(c) To the maximum extent appropriate, a child with a disability, including a child receiving publicly funded special education in a public or private institution or other care facility, is educated with nondisabled children.

(d) Special classes, separate schooling or other removal of a child with a disability from the regular educational environment occurs only when the nature or severity of the child’s disability is such that education in regular classes with the use of supplementary aids and services cannot be achieved satisfactorily.

(2) A local educational agency shall seek to obtain informed consent from the parent of a child with a disability before providing special education and related services to the child. If the parent of a child with a disability denies consent, the local educational agency shall not provide special education and related services to the child. If the parent of a child with a disability denies consent or does not respond to a request for consent, all of the following apply:

(a) The local educational agency is not in violation of the requirement to make available to the child a free appropriate public education.

(b) The local educational agency is not required to convene an individualized education program team meeting or to develop an individualized education program for the child for the special education and related services for which the local educational agency sought consent.

115.791 Reimbursement for private school placement.

(1) If the parents of a child with a disability who previously received special education and related services under the authority of a local educational agency enroll the child in a private elementary or secondary school without the consent of or referral by the local educational agency, a court or a hearing officer may require the local educational agency to reimburse the parents for the cost of that enrollment if the court or hearing officer finds that the local educational agency had not made a free appropriate public education available to the child in a timely manner before that enrollment.

(2) The cost of reimbursement described in sub. (1) may be reduced or denied if any of the following applies:
(a) At the most recent individualized education program meeting that the parents attended before removal of the child from the local educational agency, the parents did not inform the individualized education program team of their concerns, their rejection of the placement proposed by the local educational agency to provide a free appropriate public education to their child and their intent to enroll the child in a private school at public expense; or at least 10 business days, including any holidays that occur on a business day, before the removal of the child from the local educational agency, the parents did not give written notice to the local educational agency of their concerns, their rejection of the placement and their intent to enroll the child in a private school at public expense.

(b) If, before the parents' removal of the child from the local educational agency, the local educational agency notified the parents under s. 115.792 of its intent to evaluate the child, including a statement of the purpose of the evaluation that was appropriate and reasonable, but the parents did not make the child available for the evaluation.

(c) A court finds the parents' actions unreasonable.

(3) (a) Notwithstanding the notice requirement in sub. (2) (a), the cost of reimbursement may not be reduced or denied for failure to provide such notice if any of the following apply:

1. Compliance with sub. (2) (a) would likely result in physical harm to the child.
2. The local educational agency prevented the parent from providing such notice.
3. The parents had not received notice, pursuant to s. 115.792, of the notice requirement in sub. (2) (a).

(b) Notwithstanding the notice requirement in sub. (2) (a), a court or hearing officer may determine not to reduce or deny the cost of reimbursement for failure to provide such notice if any of the following apply:

1. The parent is illiterate and cannot write in English.
2. Compliance with sub. (2) (a) would likely result in serious emotional harm to the child.

(4) Subject to s. 115.77 (1m) (d) and (e), this section does not require a local educational agency to pay the cost of education, including special education and related services, of a child with a disability at a private school or facility if the local educational agency made a free appropriate public education available to the child and the child's parents elected to place the child in a private school or facility.

115.792 Procedural safeguards. (1) SAFEGUARDS ENSURED. (a) The local educational agency shall establish and maintain procedures to ensure all of the following:

1. That the parents of a child may examine all records relating to the child and may participate in meetings about the identification, evaluation and educational placement of the child, and the provision of a free appropriate public education to the child, and may obtain an independent educational evaluation of the child.
2. That a child's rights are protected by the assignment of an individual, who shall not be an employee of the department, the local educational agency, or any other agency that is involved in the education or care of the child, to act as a surrogate for the child's parents whenever the child's parents are not known; the local educational agency cannot, after reasonable efforts, locate the child's parents; or the child is a ward of the state. For a child who is a ward of the state, a judge overseeing the child's care may appoint a surrogate for the child's parents if the surrogate meets the requirements of this subdivision.
3. That a child's parents are offered an opportunity to use mediation under s. 115.797.

(b) The local educational agency shall establish and maintain procedures to ensure that a child's parents are provided prior written notice whenever the local educational agency proposes to initiate or change, or refuses to initiate or change, the identification, evaluation or educational placement of the child, or the provision of a free appropriate public education to the child. In this paragraph, "local educational agency" includes the nonresident school district that a child is attending under s. 118.51 or 121.84 (1) (a) or (4).

(2) NOTICE. The notice required under sub. (1) (b) shall be in the native language of the child's parents unless the local educational agency determines that it clearly is not feasible to do so and shall include all of the following:

(a) A description of the action proposed or refused by the local educational agency.
(b) An explanation of why the local educational agency proposes or refuses to take the action.
(c) A description of any other options that the local educational agency considered and the reasons why it rejected those options.
(d) A description of each evaluation procedure, assessment, record, or report that the local educational agency used as a basis for the proposed or refused action.
(e) If the notice proposes to evaluate or reevaluate the child, the names of the evaluators, if known.
(f) A description of any other factors that are relevant to the local educational agency's proposal or refusal.
(g) A statement that the parents of a child with a disability have procedural safeguards under this section and, if this notice is not an initial referral for evaluation, the way in which the parents may obtain a description of the procedural safeguards under sub. (3).
(h) Sources for parents to contact to obtain assistance in understanding this subchapter.

(3) PROCEDURAL SAFEGUARDS NOTICE. (a) In this subsection, "local educational agency" includes the nonresident school district that a child is attending under s. 118.51 or 121.84 (1) (a) or (4).

(b) The local educational agency shall give to the parents of a child with a disability once a year but also upon the child's initial referral or parental request for evaluation, upon the first occurrence of the filing of a request for a hearing under s. 115.80, and upon request by the child's parent, a full explanation written in an easily understandable manner, and in the native language of the child's parents unless it clearly is not feasible to do so, of the procedural safeguards available under this section and under applicable federal law relating to all of the following:

1. Independent educational evaluation.
2. Prior written notice.
3. Parental consent.
4. Access to educational records.
5. Opportunity to present and resolve complaints, including the period in which the child's parents may request a hearing and the opportunity for the local educational agency to resolve the issues presented by the request.
6. The child's placement during pendency of due process proceedings.
7. Procedures for pupils who are subject to placement in interim alternative educational settings under 20 USC 1415 (k).
8. Requirements for the unilateral placement by parents of pupils in private schools at public expense.
10. Hearings under s. 115.80.
11. Civil actions, including the period in which to file a civil action.

115.797 Mediation. (1) DEFINITIONS. In this section:

(a) "Dispute" means any disagreement between parties concerning the proposal or refusal to initiate or change the evaluation, individualized education program or educational placement of a child with a disability or the provision of a free appropriate public education to such a child. "Dispute" includes any such disagree-
ment between parties that arises before the filing of a request for a hearing under s. 115.80 or in which other processes, including a hearing under s. 115.80 or litigation, have been requested or commenced.

(b) “Mediation” has the meaning given in s. 802.12 (1) (e).

(c) “Party” means a competent adult pupil or the parent of a child or adult pupil adjudicated incompetent who is the subject of a dispute, and the local educational agency.

(2) REQUEST FOR MEDIATION, CONSENT OF PARTIES. (a) The division shall establish a program for the mediation of disputes between parties. A party may request the division to arrange for mediation of a dispute at any time. The request shall be in writing, shall briefly describe the dispute and shall identify both parties. Both parties may jointly request mediation.

(b) If only one of the parties requests mediation, within 5 business days after receiving the request the division shall notify the other party in writing of the request for mediation. The notice shall include all of the following:

1. An explanation of mediation and its advantages.
2. A statement that participation in mediation is voluntary and that agreement or refusal to participate will not affect the resolution of the dispute in any pending or potential adjudicative process, or the timing of that process, unless the parties agree otherwise.
3. A request that the party notify the division within 5 business days after receiving the notice regarding the party’s consent or refusal to participate in mediation.

(c) If the division does not receive timely response under par. (b) 3. or if the other party notifies the division under par. (b) 3. of its refusal to participate in mediation, the division shall so notify the party that requested mediation.

(3) APPOINTMENT OF MEDIATOR. (a) A party that requests mediation may nominate a mediator from the roster under sub. (4). If a party nominates a mediator, the division shall include in the notice under sub. (2) (b) the name of the nominated mediator.

(b) 1. If both parties nominate the same person as mediator, the division shall appoint that person as mediator if he or she is on the roster under sub. (4) and available to mediate.
2. If both parties request mediation but neither party nominates a mediator, the division shall propose a mediator from the roster under sub. (4).
3. If both parties consent to mediation but the party that requests mediation does not nominate a mediator, the nominated mediator is not available or the other party does not consent to the appointment of the nominated mediator, the division shall propose a mediator from the roster under sub. (4).

(c) Whenever the division proposes a mediator under par. (b) 2. or 3., it shall send information about the mediator’s training and experience to both parties. Within 3 business days after receiving the information, either party may request the division to propose a different mediator from the roster under sub. (4).

(4) ROSTER OF MEDIATORS. (a) In consultation with the council on special education, the division shall maintain a roster of mediators qualified to resolve disputes. The division may include a person on the roster if all of the following apply:

1. The division determines that the person has the appropriate skills and knowledge to act as a mediator under this section.
2. The person participates in a training program of at least 5 days’ duration that has been approved by the division.
3. The person agrees to mediate, at the rate of compensation established by the division, the number of disputes required by the division each year.
4. The person consents to be observed by a division representative at any mediation session if the parties consent.

(b) The division may not maintain a person on the roster unless he or she participates in at least one day of additional training approved by the division each year.

(c) Subject to subch. II of ch. 111, the division may remove from the roster any person whom it believes cannot serve effectively as a mediator.

(5) MEDIATION. (a) Unless both parties agree otherwise, mediation shall commence within 21 days after the mediator is appointed and shall not delay hearings or appeals related to the dispute. All mediation sessions shall be held in a location that is convenient to the parties.

(b) The parents of the child or adult pupil and 2 representatives of the local educational agency may participate in mediation. With the consent of both parties, other persons may participate in mediation. With the consent of both parties, a division representative may observe the mediation sessions.

(c) At the commencement of mediation, the mediator shall inform the parties of the information that is required to be reported to the division for the purpose of administering the mediation program. The division may not require a mediator to disclose the substance of any matter discussed or communication made during mediation.

(d) Either party may request a mediation session to consult advisors, whether or not present, or to consult privately with the mediator. The mediator may recess a mediation session to consult privately with a party. If the mediator does so, he or she shall disclose the general purpose of the consultation but may not reveal other information about the consultation without the consent of the party consulted.

(e) Unless both parties and the mediator agree otherwise, no person may record a mediation session.

(f) Discussions that occur during mediation are confidential and may not be used as evidence in any subsequent hearing or civil proceeding. The mediator may require the parties to sign a confidentiality pledge before the commencement of mediation.

(g) The mediator and either party may withdraw from mediation at any time.

(h) No adverse inference may be drawn by any hearing officer or adjudicative body from the fact that a party did not consent to mediation, that a mediator or party withdrew from mediation or that mediation did not result in settlement of the dispute.

(6) AGREEMENTS. If the parties resolve the dispute or a portion of the dispute, or agree to use another procedure to resolve the dispute, the mediator shall ensure that the resolution or agreement is reduced to writing, that it is signed by the parties and that a copy is given to each party. The written resolution or agreement shall state that all discussions that occurred during mediation are confidential and may not be used as evidence in any hearing or civil proceeding. The resolution or agreement is legally binding upon the parties and is enforceable in the circuit court for the county in which the local educational agency is located.

(7) MEDIATOR COMPENSATION. (a) The division shall establish a schedule for the compensation of mediators and the reimbursement of their expenses. The department shall pay mediators from the appropriation under s. 20.255 (1) (me).

(b) If the parties agree that the amount of compensation paid to a mediator should be greater than the schedule under par. (a) allows, the additional compensation is the responsibility of the parties.

(c) If the parties have agreed to mediation by a mediator who is not on the roster under sub. (4), the mediator’s compensation is the responsibility of the parties.

(8) PROGRAM EVALUATION. The division may require that mediators, and may request that parties, participate in the evaluation of the mediation program. The division shall ensure that mediators and parties may participate in evaluating the program without being required to identify themselves or the other mediation participants. The division may not disclose a party’s or mediator’s evaluation to any other mediation participant without the party’s or mediator’s consent.
115.80 Due process hearings. (1) (a) 1. A parent, or the attorney representing the child, may file a written request for a hearing within one year after the refusal or proposal of the local educational agency to initiate or change his or her child’s evaluation, individualized education program, educational placement, or the provision of a free appropriate public education, except that, if the local educational agency has not previously provided the parent or the attorney representing the child with notice of the right to request a hearing under this subdivision, he or she may file a request under this subdivision within one year after the local educational agency provides the notice. The division shall develop a model form to assist parents in filing a request under this subdivision.

2. The parent, or the attorney representing the child, shall include in the request under subd. 1. the name of the child, the address of the residence of the child, the name of the school the child is attending, a description of the nature of the problem of the child relating to the proposed or refused initiation or change, including facts relating to the problem, and a proposed resolution of the problem to the extent known and available to the parents at the time.

(b) A local educational agency may file a written request for a hearing only to override a parent’s refusal to grant consent for an initial evaluation or a reevaluation or to contest the payment of an independent educational evaluation.

(c) A parent, the attorney representing the child or a local educational agency may file a written request for a hearing as provided in 20 USC 1415 (k).

(d) A parent or local educational agency, or the attorney representing a parent or local educational agency, shall file a request for a hearing under this subsection by providing the request to the other party and a copy of the request to the division. Upon receiving a request for a hearing, the division shall give to the child’s parents a copy of the procedural safeguards available to the parents under s. 115.792 and under federal regulations.

(e) 1. If the parent of a child with a disability files a written request for a hearing, and the local educational agency has not previously sent a written notice to the parent under s. 115.792 (1) (b) regarding the subject matter of the hearing request, the local educational agency shall, within 10 days of receiving the hearing request, send to the child’s parent a written explanation of why the local educational agency proposed or refused to take the action raised in the hearing request, a description of other options that the individualized education program team considered and the reason why those options were rejected, a description of each evaluation procedure, assessment, record, or report that the local educational agency used as the basis for the proposed or refused action, and a description of the factors that are relevant to the local educational agency’s proposal or refusal. A response by a local educational agency under this subdivision does not preclude the agency from asserting that the parent’s request for a hearing is insufficient under subd. 2.

2. A hearing may not occur until the party requesting the hearing, or the attorney representing that party, files a request that meets the requirements of par. (a) 2. The request under par. (a) 2. shall be considered sufficient unless the party receiving the request notifies the hearing officer and the other party in writing within 15 days of receiving the request that the receiving party believes the request does not meet the requirements of par. (a) 2. Within 5 days of receiving a notice under this subdivision, the hearing officer shall determine whether the request meets the requirements under par. (a) 2. and notify the parties.

(f) The party receiving a request for a hearing shall send to the party requesting the hearing a written response that addresses the issues raised in the hearing request within 10 days of receiving the request.

(g) A party filing a written request for a hearing under par. (a) may amend its request only if the other party consents in writing and is given the opportunity to resolve the issues presented by the request at a meeting under sub. (2m), or if the hearing officer grants permission at least 5 days before the hearing is scheduled to occur. The applicable timeline for resolution under sub. (2m) and for a hearing under sub. (6) recommences when the party files an amended request for a hearing. Nothing in this paragraph precludes a parent from filing a separate hearing request on an issue separate from the hearing request already filed.

(2) The division shall maintain a list of qualified hearing officers who are not employed by or under contract with the department or the local educational agency, other than being appointed under this subsection, and who do not have a personal or professional interest that conflicts with the person’s objectivity in the hearing, to serve as hearing officers in hearings under this section. A hearing officer must possess knowledge of, and the ability to understand, state and federal special education laws, rules, and regulations, and legal interpretations by federal and state courts. A hearing officer also must possess the knowledge and ability to conduct hearings and render and write decisions in accordance with appropriate, standard legal practice. Upon receipt of a written request for a hearing under sub. (1), the division shall appoint a hearing officer from the list.

(2m) (a) Except as provided in par. (c), within 15 days of receiving a request for a hearing under sub. (1) (a) 1. and before the hearing is conducted, the local educational agency shall convene a meeting with the child’s parents and the relevant members of the individualized education program team who have specific knowledge of the facts identified in the hearing request. At the meeting, the child’s parents shall discuss the hearing request and the facts that form the basis of the request and the local educational agency may resolve the issues.

(b) The meeting under par. (a) shall include a representative of the local educational agency who is authorized to make decisions on behalf of the agency. The meeting may not include an attorney of the local educational agency unless the child’s parent is accompanied by an attorney.

(c) The parents and the local educational agency may agree in writing to waive the meeting under par. (a) or use mediation under s. 115.797.

(d) If the child’s parents and the local educational agency resolve the subject matter of the hearing request at the meeting under par. (a), they shall execute and sign a legally binding agreement that is enforceable in the circuit court for the county in which the local educational agency is located, except that either the parent or the local educational agency may void the agreement within 3 business days of its execution.

(e) If the local educational agency does not resolve the issues presented by the hearing request to the satisfaction of the child’s parent within 30 days of receipt of the request, the hearing requested under sub. (1) (a) 1. may occur.

(3) Any party to a hearing conducted under this section may be accompanied and advised by counsel and by individuals with special knowledge or training with respect to the problems of children with disabilities and may present evidence and confront, cross-examine and compel the attendance of witnesses. A party shall be provided with written or, at the option of the child’s parents, electronic findings of facts and decisions, and, upon request, a written or, at the option of the child’s parents, an electronic, verbatim record of the hearing.

(4) At least 5 business days before a hearing is conducted under this section, other than an expedited hearing under 20 USC 1415 (k), each party shall disclose to all other parties all evalua-
tions completed by that date and recommendations based on the offering party’s evaluations that the party intends to use at the hearing. The hearing officer may bar any party that fails to comply with this subsection from introducing the relevant evaluation or recommendation at the hearing without the consent of the other party. The party requesting the hearing may not raise issues at the hearing that were not raised in the notice filed under sub. (1) (a) unless the other party agrees.

(5) (a) A hearing officer may administer oaths and affirmations, issue subpoenas and enforce subpoenas under ss. 885.01 (4) and 885.12, regulate the course of the hearing and hold conferences for the settlement or simplification of the issues. The hearing officer is not bound by common law or statutory rules of evidence. The hearing officer shall admit all testimony having reasonable probative value, but shall exclude immaterial, irrelevant or unduly repetitious testimony. The hearing officer shall give effect to the rules of privilege recognized by law. A hearing officer has the authority to issue an order consistent with this subchapter and 20 USC 1415 (k) and to order whatever remedy is reasonably necessary to bring the parties into compliance with this subchapter.

(b) The hearing officer’s decision shall consist of findings of fact and conclusions of law and shall be based upon a preponderance of the evidence. The findings of fact shall be based solely upon the evidence received at the hearing. The decision shall be made on substantive grounds based on a determination of whether the child has received a free appropriate public education.

(c) In matters alleging a procedural violation, a hearing officer may find that a child did not receive a free appropriate public education only if the procedural inadequacies impeded the child’s right to a free appropriate public education, significantly impeded the parents’ opportunity to participate in the decision-making process regarding the provision of a free appropriate public education to the child, or caused a deprivation of educational benefits. Nothing in this paragraph precludes a hearing officer from ordering a local educational agency to comply with procedural requirements.

(6) The hearing officer shall issue a decision within 45 days after the conclusion of the 30–day period specified in sub. (2m) (e). The hearing officer may order an independent educational evaluation of the child at local educational agency expense and grant specific extensions of time for cause at the request of either party. If the hearing officer grants an extension of time, he or she shall include that extension and the reason for the extension in the record of the proceedings. The local educational agency shall pay the cost of the hearing.

(7) Any party aggrieved by the decision of the hearing officer may bring a civil action in the circuit court for the county in which the child resides or in a U.S. district court. An action filed in circuit court shall be commenced within 45 days after service of the decision of the hearing officer. In any action brought under this subsection, the court shall receive the records of the administrative proceedings, shall hear additional evidence at the request of a party and, basing its decision on the preponderance of the evidence, shall grant such relief as the court determines is appropriate. Sections 227.52 to 227.58 do not apply to actions under this subsection.

(8) Except as provided in 20 USC 1415 (k), during the pendency of any proceedings under this section, the local educational agency may not change the educational placement of a child unless the child’s parents agree to the change. If the child is applying for initial admission to a public school, the child shall, with the consent of the child’s parents, be placed in the public school program until all proceedings under this section have been completed. In this subsection, “local educational agency” includes the nonprofit school district which a child is attending under s. 118.51 or 121.84 (1) (a) or (4).

(9) A circuit court may award reasonable attorney fees and actual costs in any action or proceeding brought in circuit court under this section as provided in 20 USC 1415 (i) (3) (B) to (G).

(10) Sections 227.44 to 227.50 do not apply to hearings conducted under this section.

If the assigned staff determine that the child can appropriately receive special education and related services in the local educational agency, the local educational agency shall provide such services for the child and is eligible for state tuition payments under s. 121.79 (1) (a). (6) Furthermore, it is the policy of this state to encourage reform, innovation and improvement in graduate education, in the structure of the academic profession and in the recruitment and retention of higher education and graduate school faculties, as related to bilingual—bicultural education, and to give special recognition to persons who possess a reading ability and speaking fluency in a non—English language and an understanding of another culture.

1. Exit or end-of-course exams required for graduation from the sending state.

2. National norm-referenced achievement tests.

3. Alternative testing acceptable to the local education agency in the receiving state.

(c) Transfers during senior year. If a child of a military family transfers at the beginning of or during the child’s high school senior year, and the local education agency in the receiving state has considered the examinations and tests under par. (b) and determined, after all alternatives have been considered, that the child would be ineligible to graduate, the local education agency of the sending state, with the cooperation of the local educational agency of the receiving state, shall ensure the receipt of a diploma from the local education agency of the sending state if the student meets the graduation requirements of the local education agency of the sending state. If one of the states in question is a nonmember state, the local education agency in the member state shall use best efforts to facilitate the on-time graduation of the student in accordance with pars. (a) and (b).

(8) ARTICLE VIII — STATE COORDINATION. (a) Each member state shall, through the creation of a state council or use of an existing body or board, provide for the coordination among its agencies of government, local education agencies, and military installations concerning the state’s participation in, and compliance with, this compact and interstate commission activities. 4. One representative from the legislative branch of government.

5. One representative from the executive branch of government.

6. Representatives from other offices and stakeholder groups the state council deems appropriate.

(b) The state council established or existing body or board designated by each member state under par. (a) shall appoint or designate a military family education liaison to assist children of military families and the state in facilitating the implementation of this compact.

(c) A compact commissioner responsible for the administration and management of the state’s participation in the compact shall be appointed by the governor or as otherwise determined by each member state.

(d) The compact commissioner appointed under par. (c) and the military family education liaison appointed or designated under par. (b) shall serve on the state council as nonvoting members of the state council, unless either is already a full voting member of the state council.

(9) ARTICLE IX — INTERSTATE COMMISSION ON EDUCATIONAL OPPORTUNITY FOR MILITARY CHILDREN. The member states hereby create the interstate commission. The activities of the interstate commission are the formation of public policy and are a discretionary state function. All of the following apply to the interstate commission:

(a) The interstate commission shall be a body corporate and joint agency of the member states and shall have all the responsibilities, powers, and duties set forth in this compact, and such additional powers conferred upon it by a subsequent concurrent
action of the respective legislatures of the member states in accordance with the terms of this compact.

(b) The interstate commission shall consist of one interstate commission voting representative from each member state who shall be that state’s compact commissioner. The following apply to meetings of the interstate commission:

1. Each member state represented at a meeting is entitled to one vote.
2. A majority of the member states shall constitute a quorum for the transaction of business, unless a larger number is required by the bylaws of the interstate commission.
3. A representative shall not delegate a vote to another member state. If a compact commissioner of a state is unable to attend a meeting of the interstate commission, the governor or state council of that state may delegate voting authority to another person from that state for a specified meeting.
4. The bylaws may provide for meetings of the interstate commission to be conducted by telecommunication or electronic communication.

(c) The interstate commission shall include nonvoting members who are members of interested organizations. Such nonvoting members, as defined in the bylaws, may include members of the representative organizations of military family advocates, local education agency officials, parent and teacher groups, the U.S. department of defense, the Education Commission of the States, the Interstate Agreement on the Qualification of Educational Personnel, and other interstate compacts affecting the education of children of military families.

(d) The interstate commission shall meet at least once each calendar year. The chairperson may call additional meetings and, upon the request of a simple majority of the member states, shall call additional meetings.

(e) The interstate commission shall establish an executive committee, whose members shall include the officers of the interstate commission and such other members of the interstate commission as determined by the bylaws. Members of the executive committee shall serve one−year terms. Members of the executive committee shall be entitled to one vote each. The executive committee shall have the power to act on behalf of the interstate commission, with the exception of rule making, during periods when the interstate commission is not in session. The executive committee shall oversee the day−to−day activities of the administration of the compact, including enforcement and compliance with the provisions of the compact, its bylaws and rules, and other such duties as deemed necessary. The U.S. department of defense shall serve as a nonvoting member of the executive committee.

(f) The interstate commission shall establish bylaws and rules that provide for conditions and procedures under which the interstate commission shall make its information and official records available to the public for inspection or copying. The interstate commission may exempt from disclosure information or official records to the extent they would adversely affect personal privacy rights or proprietary interests.

(g) The interstate commission shall give public notice of all meetings and all meetings shall be open to the public, except as set forth in the rules or as otherwise provided in the compact. The interstate commission and any committee of the commission may close a meeting or portion of a meeting if the commission or committee determines by a two−three majority vote that an open meeting would likely do any of the following:

2. Disclose matters specifically exempted from disclosure by federal and state statute.
3. Disclose trade secrets or commercial or financial information that is privileged or confidential.

(h) For a meeting or portion of a meeting closed under par. (g), the interstate commission shall cause its legal counsel or designee to certify that the meeting may be closed and to reference each relevant exemptible provision. The interstate commission shall keep minutes, which shall fully and clearly describe all matters discussed in a meeting, and shall provide a full and accurate summary of actions taken, and the reasons for taking the actions, including a description of the views expressed and the record of a roll call vote. All documents considered in connection with an action shall be identified in such minutes. All minutes and documents of a closed meeting shall remain under seal, subject to release by a majority vote of the interstate commission.

(j) The interstate commission shall create a process that permits military officials, education officials, and parents to inform the interstate commission if and when there are alleged violations of the compact or its rules or when issues subject to the jurisdiction of the compact or its rules are not addressed by the state or local education agency. This paragraph shall not be construed to create a private right of action against the interstate commission, any member state, or any local education agency.

(1) ARTICLE XI — ORGANIZATION AND OPERATION OF THE INTERSTATE COMMISSION. (a) The interstate commission shall, by a majority of the members present and voting, within 12 months after the first interstate commission meeting, adopt bylaws to govern its conduct as may be necessary or appropriate to carry out the purposes of the compact, including all of the following:

7. Providing start-up rules for initial administration of the compact.

(b) The interstate commission shall, by a majority of the members, elect annually from among its members a chairperson, a vice chairperson, and a treasurer, each of whom shall have the authority and duties specified in the bylaws. The chairperson or, in the chairperson’s absence or disability, the vice chairperson, shall preside at all meetings of the interstate commission. The officers so elected shall serve without compensation or remuneration from the interstate commission. Subject to the availability of budgeted funds, the officers shall be reimbursed for ordinary and necessary costs and expenses incurred by them in the performance of their responsibilities as officers of the interstate commission.

(c) Executive Committee, Officers and Personnel. 1. The executive committee shall have the authority and duties set forth in the bylaws, including all of the following:

a. Managing the affairs of the interstate commission in a manner consistent with the bylaws and purposes of the interstate commission.

b. Overseeing an organizational structure within, and appropriate procedures for, the interstate commission to provide for the creation of rules, operating procedures, and administrative and technical support functions.

c. Planning, implementing, and coordinating communications and activities with other state, federal, and local governmental organizations in order to advance the goals of the interstate commission.

2. The executive committee may, subject to the approval of the interstate commission, appoint or retain an executive director for such period, upon such terms and conditions, and for such compensation, as the interstate commission may deem appropriate. The executive director shall serve as secretary to the interstate commission, but shall not be a member of the interstate commission. The executive director shall hire and supervise such other persons as may be authorized by the interstate commission.

(d) 1. The interstate commission’s executive director and its employees are immune from suit and liability, either personally or in their official capacity, for a claim for damage to or loss of property or personal injury or other civil liability caused or arising out of or relating to an actual or alleged act, error, or omission that occurred, or that such person had a reasonable basis for believing occurred, within the scope of interstate commission employment, duties, or responsibilities, except that the executive director and the employees of the interstate commission shall not be protected under this subdivision from suit or liability for damage, loss, injury, or liability caused by the intentional or willful and wanton misconduct of that executive director or employee.

2. The liability of the interstate commission’s executive director and employees or interstate commission representatives, acting within the scope of such person’s employment or duties for acts, errors, or omissions occurring within such person’s state may not exceed the limits of liability set forth under the constitution and laws of that state for state officials, employees, and agents.

2. The interstate commission shall defend the executive director and its employees and, subject to the approval of the attorney general or other appropriate legal counsel of the member state represented by an interstate commission representative, shall defend such interstate commission representative in any civil action seeking to impose liability arising out of an actual or alleged act, error, or omission that occurred within the scope of interstate commission employment, duties, or responsibilities, or that the defendant had a reasonable basis for believing occurred within the scope of interstate commission employment, duties, or responsibilities, provided that the actual or alleged act, error, or omission did not result from intentional or willful and wanton misconduct on the part of such person.

3. The interstate commission shall defend the executive director and its employees and, subject to the approval of the attorney general or other appropriate legal counsel of the member state represented by an interstate commission representative, shall defend such interstate commission representative in any civil action seeking to impose liability arising out of an actual or alleged act, error, or omission that occurred within the scope of interstate commission employment, duties, or responsibilities, or that the defendant had a reasonable basis for believing occurred within the scope of interstate commission employment, duties, or responsibilities, provided that the actual or alleged act, error, or omission did not result from intentional or willful and wanton misconduct on the part of such person.

4. To the extent not covered by the state involved, member state, or the interstate commission, the representatives or employees of the interstate commission shall be held harmless in the amount of a settlement or judgment, including attorney’s fees and costs, obtained against such persons arising out of an actual or alleged act, error, or omission that occurred within the scope of interstate commission employment, duties, or responsibilities, or that such persons had a reasonable basis for believing occurred within the scope of interstate commission employment, duties, or responsibilities, provided that the actual or alleged act, error, or omission did not result from intentional or willful and wanton misconduct on the part of such persons.
(12) **ARTICLE XII — RULE-MAKING FUNCTIONS OF THE INTERSTATE COMMISSION.** (a) **Rule-making authority.** The interstate commission shall promulgate reasonable rules in order to effectively and efficiently achieve the purposes of this compact. If the interstate commission exercises its rule-making authority in a manner that is beyond the scope of the purposes of this compact, or the powers granted under this compact, then such an action by the interstate commission shall be invalid and have no force or effect.

(b) **Rule-making procedure; effect of rules.** Rules shall be promulgated pursuant to a rule-making process that substantially conforms to the Model State Administrative Procedure Act, as amended. Such rules may be appropriate to the operations of the interstate commission. A rule has the force and effect of statutory law in a member state if approved by the legislature of the member state or the state superintendent of education of the member state.

(c) Not later than 30 days after a rule is promulgated, any person may file a petition for judicial review of the rule. The filing of such a petition does not stay or otherwise prevent the rule from becoming effective unless the court finds that the petitioner has a substantial likelihood of success. The court shall give deference to the actions of the interstate commission consistent with applicable law and shall not find the rule to be unlawful if the rule represents a reasonable exercise of the interstate commission’s authority.

(d) If a majority of the legislatures of the member states rejects a rule by enactment of a statute or resolution in the same manner used to adopt the compact, then such rule shall have no further force and effect in any member state.

(13) **ARTICLE XIII — OVERSIGHT, ENFORCEMENT, AND DISPUTE RESOLUTION.** (a) **Oversight.** 1. The executive, legislative, and judicial branches of state government in each member state shall enforce this compact and shall take all actions necessary and appropriate to effectuate the compact’s purposes and intent.

2. All courts shall take judicial notice of the compact and the rules in any judicial or administrative proceeding in a member state pertaining to the subject matter of this compact that may affect the powers, responsibilities, or actions of the interstate commission.

3. The interstate commission is entitled to receive all service of process in any proceeding under subd. 2., and has standing to intervene in the proceeding for all purposes. Failure to provide service of process to the interstate commission renders a judgment or order void as to the interstate commission, this compact, or promulgated rules.

(b) **Default, technical assistance, suspension, and termination.** If the interstate commission determines that a local education agency in a member state has defaulted in the performance of its obligations or responsibilities under this compact, or the bylaws or promulgated rules, the interstate commission shall do all of the following:

1. Provide written notice to the member state and other member states of the nature of the default, the means of curing the default, and any action taken by the interstate commission. The interstate commission shall specify the conditions by which the member state must cure the default of the local education agency.

2. Provide remedial training and specific technical assistance regarding the default.

3. If the member state fails to cure the default of the local education agency, the member state shall be terminated from the compact upon an affirmative vote of a majority of the member states, and all rights, privileges, and benefits conferred by this compact shall be terminated from the effective date of termination. A cure of the default does not relieve the state of obligations or liabilities incurred during the period of the default.

4. Suspension or termination of membership in the compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the interstate commission to the governor, the majority and minority leaders of the state’s legislature, and each of the member states.

5. A state that has been suspended or terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of suspension or termination, including obligations the performance of which extends beyond the effective date of suspension or termination.

6. The interstate commission shall not bear any costs relating to any member state in which a local education agency has been found to be in default or that has been suspended or terminated from the compact, unless otherwise mutually agreed upon in writing between the interstate commission and the member state.

7. The state may appeal the action of the interstate commission by petitioning the U.S. district court for the District of Columbia or the federal district where the interstate commission has its principal offices. The prevailing party shall be awarded all costs of such litigation including reasonable attorney’s fees.

(c) **Dispute Resolution.** 1. The interstate commission shall attempt, upon the request of a member state, to resolve disputes that are subject to the compact and that may arise among member states and between member and nonmember states.

2. The interstate commission shall promulgate a rule providing for mediation for disputes as appropriate.

(14) **ARTICLE XIV — FINANCING OF THE INTERSTATE COMMISSION.** (a) The interstate commission shall pay, or provide for the payment of, the reasonable expenses of its establishment, organization, and ongoing activities.

(b) The interstate commission may levy on and collect from each member state an annual assessment to cover the cost of the operations and activities of the interstate commission and its staff. The aggregate annual assessment must be sufficient to cover the interstate commission’s annual budget as approved each year. Subject to s. 115.28 (58), the aggregate annual assessment amount shall be allocated among member states based upon a formula to be determined by the interstate commission, which shall promulgate a rule binding upon all member states.

(c) The interstate commission shall not incur obligations of any kind prior to securing the funds adequate to meet the same, nor pledge the credit of any of the member states except by and with the authority of the member state.

(d) The interstate commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the interstate commission shall be subject to the audit and accounting procedures established under its bylaws. However, all receipts and disbursements of funds handled by the interstate commission shall be audited yearly by a certified or licensed public accountant and the report of the audit shall be included in and become part of the annual report of the interstate commission.

(15) **ARTICLE XV — MEMBER STATES, EFFECTIVE DATE, AND AMENDMENT.** (a) Any state is eligible to become a member state.

(b) The compact shall become effective and binding upon legislative enactment of the compact into law by no less than 10 states. Thereafter, it shall become effective and binding as to any other state upon enactment of the compact into law by that state. The governor of a nonmember state or his or her designee shall be invited to participate in the activities of the interstate commission on a nonvoting basis prior to adoption of the compact by all states.

(c) The interstate commission may propose amendments to the compact for enactment by the member states. No amendment shall become effective and binding upon the interstate commission and the member states unless and until it is enacted into law by unanimous consent of the member states.

NOTE: As of May 27, 2010, more than 10 states had enacted the compact according to the Council of State Governments Web site.

(16) **ARTICLE XVI — WITHDRAWAL AND DISSOLUTION.** (a) **Withdrawal.** 1. Once effective, the compact shall continue in force and remain binding upon each and every member state, pro-
vided that a member state may withdraw from the compact by enacting a law repealing the compact or by enacting a law withdrawing from the compact.

2. A withdrawing state shall immediately notify the chairperson of the interstate commission in writing upon the enactment of legislation in the withdrawing state that repeals this compact or withdraws from this compact. The interstate commission shall notify the other member states within 60 days of its receipt thereof.

3. A withdrawing state is responsible for all assessments, obligations, and liabilities incurred through the effective date of withdrawal, including obligations the performance of which extends beyond the effective date of withdrawal.

4. Reinstatement following withdrawal of a member state shall occur upon the withdrawing state reenacting the compact or upon such later date as determined by the interstate commission.

(b) Dissolution of Compact. 1. This compact shall dissolve effective upon the date of the withdrawal or default of the member state that reduces the membership in the compact to one member state.

2. Upon the dissolution of this compact, the compact is null and void and of no further force or effect, and the business and affairs of the interstate commission shall be concluded and surplus funds distributed in accordance with the bylaws.

(17) ARTICLE XVII — SEVERABILITY AND CONSTRUCTION. (a) The provisions of this compact shall be severable and if any phrase, clause, sentence, or provision is deemed unenforceable, the remaining provisions of the compact shall be enforceable.

(b) The provisions of this compact shall be liberally construed to effectuate its purposes.

(c) Nothing in this compact shall be construed to prohibit the applicability of other interstate compacts to which the states are members.

(18) ARTICLE XVIII — BINDING EFFECT OF COMPACT AND OTHER LAWS. (a) Other Laws. 1. Nothing herein prevents the enforcement of any other law of a member state that is not inconsistent with this compact.

2. All laws of member states that conflict with this compact are superseded to the extent of the conflict.

(b) Binding effect of the compact. 1. Subject to sub. (12) (b), all lawful actions of the interstate commission, including all rules and bylaws promulgated by the interstate commission, are binding upon the member states.

2. All agreements between the interstate commission and the member states are binding in accordance with their terms.

3. If any provision of this compact exceeds the constitutional limits imposed on the legislature of any member state, such provision shall be ineffective to the extent of the conflict with the constitutional provision in question in that member state.
